Lake Sutherland  
Management District 2

## Mission Statement

The purpose of the Lake Management District (LMD) is to protect Lake Sutherland's beneficial uses, water quality, and wildlife habitat. It has been determined that Lake Sutherland contains Eurasian watermilfoil, a noxious weed. Containment and removal of Eurasian watermilfoil, which can inhibit multiple recreational activities such as boating, swimming and fishing, diminish aesthetic and economic values, and impair water quality and wildlife habitat, is a benefit to all lake residents who have significant opportunity for the enjoyment of the lake through active and passive recreation.

### What we do:

1. Manage Eurasian watermilfoil in Lake Sutherland to meet recreational and aesthetic needs, fishery and wildlife habitat requirements, and ecosystem and ground water concerns.
2. Employ best practices in control of Eurasian watermilfoil based on environmental safety and efficacy.
3. Monitor the level of Eurasian watermilfoil in Lake Sutherland and recommend and implement actions to control and eradicate it.

### What we don't do:

We don't check septic systems. We don't care about Jet Skis. We don't check water quality in the Lake or Streams. We don't check the chemical, physical or biological health of the Lake or the Streams flowing into or out of Lake Sutherland.

## Milfoil Marauders 2007 Events Calendar

Tuesday, May 8th  
Steering Committee  
Meeting  
6 P.M.

Old Courthouse Foyer

Tuesday, June 12th  
Steering Committee  
Meeting  
6 P.M.

Old Courthouse Foyer

Saturday, June 16th  
First Survey  
Meets at Maple Grove  
9 A.M. - 4 P.M.

Maple Grove residents will be providing lunch,  
Contact Gene Unger

Tuesday, July 10th  
Steering Committee  
Meeting  
6 P.M.

If you would like to help during one or more of our dive days this summer we could really use you.

We need divers, skimmers, boat operators, survey teams, documenters, potluck providers and organizers, or just come out and see what we are doing.

Contact Cathy Lucero at (360) 417-2442 or clucero@co.clallam.wa.us

## Steering Committee Members

**Mike Price -- Committee Chair**

270 Longfellow Road  
Port Angeles, WA 98363

### LOST AND FOUND

This past winter has again seen a number of boats and miscellaneous objects floating in the lake.

Mike Price has volunteered to be the lost and found contact for this year. Just call him and let him know what you lost or found and maybe we can reconnect the items with their owners.

### Girl Scouts plot Eurasian Milfoil in Lake Sutherland

Elizabeth Helwick and Bethany O'Connor, two local Junior Girl Scouts, are working toward earning their Bronze Award. For their project they will be taking pictures of each cabin on Lake Sutherland and putting them into notebooks according to which section of the lake they are in. The notebooks will be taken out on the lake and used to plot the areas where milfoil was found, giving divers and boaters an easier way of documenting and locating milfoil sites from the surface. There will be space with each photo for Cathy Lucero to keep records and notes regarding past pulls and number of plants found for each area. These notebooks will be especially useful for future milfoil pulls! Please let the girls know what you think after using them..
