Lake Sutherland Management District 2 Mission Statement

The purpose of the Lake Management District (LMD) is to protect Lake Sutherland's beneficial uses, water quality, and wildlife habitat. It has been determined that Lake Sutherland contains Eurasian watermilfoil, a noxious weed. Containment and removal of Eurasian watermilfoil, which can inhibit multiple recreational activities such as boating, swimming and fishing, diminish aesthetic and economic values, and impair water quality and wildlife habitat, is a benefit to all lake residents who have significant opportunity for the enjoyment of the lake through active and passive recreation. The (LMD 2) will be up for renewal in 2009.

What we do:

1. Manage Eurasian watermilfoil in Lake Sutherland to meet recreational and aesthetic needs, fishery and wildlife habitat requirements, and ecosystem and ground water concerns.
2. Employ best practices to control Eurasian watermilfoil based on environmental safety and efficacy.
3. Monitor the level of Eurasian watermilfoil in Lake Sutherland and recommend and implement actions to control and eradicate it.

What we don't do:

We don't check septic systems. We don't manage Jet Skis. We don't check water quality in the Lake or Streams. We don't monitor the chemical, physical or biological health of the Lake or the Streams flowing into or out of Lake Sutherland.

Thank you . . .

We would like to thank two local Junior Girl Scouts, **Bethany O'Connor** and **Elizabeth Helwick** for making the notebooks that will be used during our Lake Sutherland milfoil dives. This will give

us a great way to plot the milfoil and keep track of trouble areas.

We know this was a time consuming project and we really appreciate all your hard work. **Thank you** both again for choosing us as your project.

Milfoil Marauders 2008 Events Calendar

Weekly Focus Dives June-September-Contact Cathy

—
Tuesday, July 8th
Steering Committee
Meeting
6 P.M.
Old Courthouse Foyer

—
Saturday, July 12th
First Survey
Meets at Maple Grove
9 A.M. - 4 P.M.

Lunch provided by Maple Grove Residents
contact Gene Unger

—
Tuesday, August 5th
Steering Committee
Meeting
6 P.M.
Old Courthouse Foyer

—
Saturday, August 9th
Second Survey
Meets at Maple Grove
9 A.M. - 4 P.M.

Lunch provided by South Shore & Longfellow Road residents

GET INVOLVED

If you would like to help during one or more of our dive days this summer **we could really use you!**

We need divers, skimmers, boat operators, survey teams, documenters, potluck providers and organizers, or just come out and see what we are doing.

Contact Cathy Lucero at (360) 417-2442 or clucero@co.clallam.wa.us

Boating Safety Tips and Requirements

We love our volunteers and we want to keep you safe, so here are a few safety tips and new requirements to observe while on the lake

1. All boats regardless of size must have a life jacket for each person on board. (12 and under must wear theirs)
2. All boats must have a sound device, (whistle, horn, or bell).
3. All gas powered boats with enclosed compartments must have a fire extinguisher.

Boater Education Cards are being phased in beginning in 2008 for those who operate a power driven boat or PWC if it is equipped with a 15hp motor or larger. For 2008 all 12-20 year olds are required to have one, for 2009 anyone 25 years and younger. For more information on this requirement call 360-902-8844 or go to www.parks.wa.gov/boating.
