105th Annual Clallam County Fair

Fair time is rolling around again. Our four day fair is scheduled to begin on Thursday, August 14th. Individuals and groups should be planning displays and exhibits for this county's outstanding event.

YOU DO NOT HAVE TO BELONG TO 4-H OR A CLUB TO ENTER AN EXHIBIT!! Any resident of Clallam County can enter.

This exhibitors' guide is provided to assist those who wish to prepare exhibits for the 2025 fair.

It is presented with a feeling of appreciation for the interest and services of those citizens who have contributed time and money in cooperation with the Fair Board to make the fair successful.

Down through the years, the Clallam County Fair has been noted for its spirit of cooperation and good showmanship. It is expected that the keen interest of past years will be renewed for this year as well.

LONG RANGE PROGRAM

The long-range program of the Fair Advisory Board, comprised of your representatives, includes a good progressive program for the eventual use of the fairgrounds for year-round activities.

FAIR ATTRACTIONS

Our Grandstand attractions, two stages, walk around entertainers and prime rodeo promise another fine family event. You are urged to come and bring your family and friends. It is your fair, your Show, and it is YOU who makes it a success. All Barns and Buildings will be open from 9a.m. until 9p.m. each day of the fair except Sunday, when they close at 7 p.m. All non-animal exhibits will be judged prior to the opening of the fair.

STANDARDS FOR JUDGING FAIR EXHIBITS

Two systems of standards are used to judge exhibits at the Clallam County Fair.

1. **DANISH SYSTEM:** Each entry is judged against a standard. Entries are awarded a Blue Ribbon for Excellent, a Red Ribbon for Very Good, and a White Ribbon for Good. Every entry receives a ribbon unless it has been disqualified. Every entry that is excellent earns a blue ribbon and every entry that is very good earns a red ribbon.
2. **AMERICAN SYSTEM:** This system allows the judge to rank the entries in the order of overall quality. Each entry in a class is compared with the other entries in the same class. Four to six ribbons can be awarded, depending on the class. There is only one blue ribbon for 1st place and one red ribbon for 2nd place.

HOW TO ENTER

1. Check the Entry Dates and Times section of the Exhibitors Guide (Page 11).
2. Check the Exhibitors Guide for the rules on the item you are entering to make sure your item is completely ready to be entered.
3. Bring any items that you have made in the last year or raised yourself, even if they are not listed. This list is not all inclusive. It will be placed in the most appropriate classification possible and be judged appropriately.
4. Persons with disabilities interested in exhibiting at the Clallam County Fair, and who would require assistance to do so, should contact the Fair Office at 360-417-2551.
5. Take your item to the barn where you are entering on the day and time listed on the Entry Dates and Times section.
6. Get an entry form from the Building Superintendent or Building Assistant Superintendent and fill it out.
7. Fill the entry form out completely, including your name, address, phone number, class, lot, description, and circle your age category. The Superintendent or Assistant can help you.
8. Certain, small items may use an Exhibitor's Tag. You can get that from the Superintendent.
9. Animal entry forms will be accepted at the Fair Office up to July 1st. Mailed entries must be post marked by July 1st. Based on space available, late entries may not be accepted.

Use appropriate color entry sheets:

Green – 4-H

White – Open

Pink – Open Youth

EASY TO ENTER * FUN TO SHARE * EXCITING TO WIN!

Check the listings in this guide to see in what area your exhibit should be entered.

The Clallam County Fair will use every reasonable precaution to ensure the preservation and protection of persons, articles on exhibit, livestock and property, but will not be responsible for any loss or damages

Entry forms can be picked up at the Fair Office, 1608 W. 16th St., Port Angeles, or WSU Extension Office, 1914 W. 18th St., Port Angeles.

FAIR REGULATIONS

To meet its obligation under the animal disease laws, the state Department of Agriculture has established the following livestock health requirements for fairs, rodeos, exhibits, shows, etc., hereinafter referred to as fairs.

WSDA 2024 RECOMMENDATIONS FOR ANIMAL HEALTH STANDARDS AND LIVESTOCK INSPECTION FOR COUNTY, DISTRICT & STATE FAIRS

1. Each fair should have an official fair veterinarian in attendance.
2. Individual Certificate of Veterinary Inspections on Washington animals is not required for entry into the fair. If the fair requires a Certificate of Veterinary Inspection on in-state animals, then a private veterinarian can issue a certificate of veterinary inspection per group or individual.
3. No animal from a quarantined area or premises may be permitted to enter the fair or show.
4. **OUT-OF-STATE ANIMAL ENTRIES MUST COMPLY WITH STATE OF WASHINGTON IMPORT REGULATIONS. NO EXEMPTIONS UNLESS EXEMPTED BY RULE.**
5. Fair veterinarians should inspect all classes of livestock and poultry (including but not limited to cattle, sheep, swine, horses, pet animals, rabbits, fur-bearing animals, pigeons, ducks, geese and turkeys, etc.) before they are exhibited to determine that the livestock and poultry show no clinical indications of contagious, infectious diseases and ectoparasites.
6. Fair veterinarians should reject any animal with infectious or contagious diseases or ectoparasites. Exhibitors should be made aware that ringworm, warts, pinkeye, strangles, contagious ecthyma, scabies, lice, mites, ticks and fleas fall into these categories.
7. Fair veterinarians must check out-of-state exhibitors for proper import documents and required testing.
8. The fair veterinarian's professional decision as to the health status of an animal will be final and be upheld by the Fair Board and Fair Management. Animals exhibiting disease symptoms during the course of the fair should be rejected by the fair veterinarian and removed from the exhibit area, fairgrounds, and camping areas.
9. It is strongly recommended to supply separate barns for separate species including chickens, turkeys, ducks and geese. Wash racks, show rings and loading and unloading equipment should not be shared between cattle and sheep/goats. If this is not possible, cattle should be exhibited first, then exhibit the sheep/goats. Practice good animal health biosecurity, which includes cleaning and disinfection.
10. Clean cages, food and water containers daily. Disinfect all equipment before entering the fairgrounds. Restrict direct contact between birds during the event and limit bird contact to essential personnel.
11. Do not share equipment with other exhibitors. If equipment must be shared, make sure it is cleaned and disinfected between uses.
12. **Isolate any animals returning home from the fair for thirty 30 days.** Show and fair boards may require additional tests or vaccinations that would be listed in the fair premium book.

RODEO STOCK REQUIREMENTS

1. A visual inspection by the fair veterinarian is required.
2. Fair veterinarian to ascertain that Import Order No. 915 and Federal Interstate Regulations Title 9, CFR have been met on all out-of-state animals.
3. Fair Veterinarian may issue a health certificate to cover all rodeo stock.
4. There must be no commingling with exhibited and/or other livestock.

2. 4-H Members must notify the Barn Superintendents and/ or 4-H Program Coordinator of intent to exhibit at the WA State 4-H Fair by Sunday afternoon unless otherwise specified by Barn/Building Superintendent.

4-H/FFA ANIMAL RULES

County Fair General Livestock Rules and General and Minimum Animal Health Requirements apply.

1. All 4-H and FFA exhibitors showing animals are required to do fitting & showing and daily herdsmanship in the barns in order to receive premiums.
2. The 4-H/FFA exhibitors must perform herdsmanship, grooming, handling, and exercise of the project animal. This includes clipping and washing the animal. In cases where 4-H exhibitors are physically incapable of doing their own clipping or washing, only 4-H/FFA exhibitors may provide needed assistance. Violations of this rule creates loss of learning experience to the exhibitor and unfair competition to the other members, particularly in the Fitting and Showmanship contest, and is cause for disqualification of entry. ONLY EXHIBITORS are allowed in stalls/pens unless it is an emergency or specified by department.
3. Animals must be under the 4-H member's regular care and management for the following periods of time prior to the official county exhibit activity, including junior livestock shows:

Breeding Beef: 90 days Cats: 60 days Cavies: 45 days Dairy (except Dairy Heifer Replacement): 90 days	Dairy Heifer Replacement: 60 days Dogs: 60 days Equine: 90 days Goat: 60 days	Llama/Alpaca: 90 days Market Beef: 120 days Rabbits and Poultry: 45 days Sheep and Swine (Breeding and Market): 60 days
--	--	--

Unless listed differently under specific divisions. Animals raised by the 4-H member from birth or hatching are exempt from the minimum time periods.

4. All exhibitors who show animals must show their own animals in both fitting & showing and type (obedience) except when they have more than one animal in the same class to receive premiums and awards. In the case of shared project animals, the situation will be dealt with on an individual basis.
5. Entries are open to purebred and high-grade stock owned and fitted by 4-H or FFA members. The judge has the right to disqualify any animal for any reason. Animals that are not properly fitted and trained will be rejected.
6. Animals shown in 4-H cannot be shown in an FFA class and vice versa. 4-H and FFA animals may show in the open class.
7. Any animal must be available for use in the "Judging Contest" unless a reasonable reason is presented.

FAIR LINGO!

OPEN CLASS: Anyone can enter. Often, but not always, divided into adult and youth categories. Exhibitors DO NOT have to belong to a club to participate!

EXHIBITOR: An individual who enters displays or items into a Fair for judging, recognition and possible award.

BLUE RIBBON OR EXCELLENT: A blue is given to those entries who most nearly meet the standards established for the particular class or level of performance. Excellent does not indicate perfection, but is a wide grouping indicating a high degree of achievement toward the elements in the standards for the exhibit.

RED RIBBON OR GOOD: A red indicates those exhibits or individuals who rank good in relation to the particular standards or expected achievement for the class or contest. Either the general level of the accomplishment is less than excellent or enough specific shortcomings are found to cause the placing to drop from excellent to good.

WHITE RIBBON OR FAIR: A white contains those exhibits or contestants who, upon evaluation, are found lacking and rate only average, acceptable or satisfactory for the standards established.

FITTING & SHOWMANSHIP: Term used in animals classes that not only judge the exhibitor's ability to show their project, but their ability to have properly prepared the project for the show.

17. While every precaution will be taken to see that no damage occurs to entries, Clallam County and the Clallam County Fair Board assume no responsibility in case of loss or damages to submitted or accepted work.

---	---

Dogs used by the exhibitor for obedience trials must be the same dog used in Fitting & Showing. A score of 90-100 will be required for a blue. A red will be 89-80. Score sheets are available at the County Extension Office for categories to be judged.

Baiting will be allowed in showmanship contest. (Distracting other dogs with bait is considered improper, as well as throwing bait on the ground and not picking it up.) Any type of noise makers is considered distracting and will not be allowed in the ring.

Grooming: All scissoring and general grooming (toenails, bath, teeth, etc.) must be done by the 4-H'er/FFA'er. Clipping may be done by someone else but the 4-Her must tell this to the judge during the individual exam. Scissoring is optional. Parents/guardians are not allowed to do any grooming. 4-Hers may be disqualified if parent/guardian does grooming on the fairgrounds.

Obedience

A person receiving a blue in obedience at county or state level must move up to the next level the next 4-H year. If a 4-Her receives a red in obedience, they have the option of moving up or may show in the class they received a red. There will be no challenging a higher class and also entering the lower class.

If a 4-Her moves up to Graduate Novice (or above) and has not passed Novice Class, they must receive a red or blue in Graduate Novice to be eligible to go to State. If a 4-Her has received a blue in the Novice Class, they may move up to Graduate Novice and qualify to go to State with a blue in obedience and a blue in Fitting & Showing. Any dog who passed novice or higher obedience level at any county or state fair or who has AKC or UKC title may compete at a higher obedience class and be eligible for all awards, or show a lower class at County Fair, but forfeits all claims to rosettes and plaques, flat ribbons and premium points are unaffected.

The 4-Her who receives a blue in fitting & showing and shows two dogs in obedience, whichever qualifies for State in obedience becomes the Fitting & Showing dog at State.

At no time will a 4-Her bait their dog in the obedience ring.

Open Classes available to Youth, Adults, and Seniors 4-H/FFA members currently enrolled in the Poultry Projects.

RULES

General rules of Clallam County Fair apply. PNWJLA Auction poultry will be checked in Tuesday 2 p.m. to 6 p.m. If you have both auction and non auction poultry all of your birds can come through at the Tuesday vet check. PNWJLA weigh in will be Tuesday after vet check has ended beginning at 7pm.

1. All 4-H/FFA poultry exhibitors are expected to help with set-up or tear-down. Contact Superintendent for times.
 2. If you choose to vaccinate poultry for ILT (Infectious Laryngotracheitis) Tissue Culture origin or recombinant ILT, they should be vaccinated 30 days or more before the show. Poultry infected with the field strain of ILT can shed the virus when stressed, resulting in other birds becoming infected.
 3. Observe birds daily for signs of avian influenza or other diseases and immediately report signs of illness to the designated exhibition veterinarian, poultry health inspector or appropriate exhibition staff. Immediately remove sick birds from the exhibition area.
 4. Each exhibitor can enter a **maximum of 10 birds** for fit and show, PNWJLA auction turkey or pen of three meat birds do not count toward this total.
 5. DAILY CARE: All Exhibitors are responsible for the daily care and feeding of their own animals and must clean their own cages each morning by 9 a.m.
- OPEN EXHIBITORS can request to have their cages cleaned. There is a \$5 per cage fee, paid to the barn Superintendent. Those prearranged cages will be cleaned each morning. Failure to provide care for your animal will forfeit your premiums and you will be asked to take your animal home. Poultry litter will be provided.
6. **All birds must have a numbered leg band on when they get to the fair which is the same leg band they had on the bird at the P-T test, they will not be given one at vet check. Fraudulent misrepresentation of any bird will result in the entire family group being disqualified.** Be sure to include class, breed, variety, lot and leg band number on entry form. All poultry will be judged according to the class written on the entry form. Substitutions only in same class, breed, variety, and lot for \$1 each. The judge will not award a First Prize on any specimen unless it is worthy of it. Birds shown in a trio or pen cannot be shown as singles.
 7. Due to the time of year, judging will be done by comparison to the American Standard of Perfection and against their breed and/or variety.
 8. 4-H/FFA Members are responsible for cleaning their own cages before checking out or you may forfeit your premiums.
 9. Open Exhibitors wishing to have their cages cleaned for check out, a fee of \$3 per cage will be paid to the Barn Superintendent for future barn supplies.

MANDATORY REQUIREMENT!

You are required to show your flock is registered NPIP or to bring a certificate from WSDA showing the birds tested negative for Pullorum-Typhoid (P-T). We will try to schedule a P-T blood draw clinic a week or two before the fair. There will be a charge per bird. The alternative would be for you to schedule an appointment with a vet for the blood draw results take about 2 days. THERE WILL BE NO EXCEPTIONS.

SPECIFIC CATTLE RULES:

1. Entry forms for cattle entered in OPEN Type must be accompanied by a copy of the registration papers (except steer classes). Animals without registration papers submitted with registration will not be considered unless superintendent is notified of circumstances. Animals under one year of age may be exhibited if eligible for registration and accompanied by the registration number of the Sire and Dam. NO EXCEPTIONS! Registration copies will be returned at Fair time.
2. It is strongly recommended, but not required, that cattle be vaccinated in the current show year against respiratory diseases.
3. Specific Health Requirements: A) It is recommended that all heifers eligible for Brucellosis (Bangs) vaccination be vaccinated prior to the Fair. B) Non-vaccinated heifers, over 1 year of age, may be exhibited provided they have tested negative for Brucellosis. C) All eligible heifers or cows 1 year or older must have been vaccinated against Brucellosis. D) Plan ahead – it requires up to 10 days to receive blood test results from the laboratory for animals requiring a Brucellosis test. Any animal whose owner cannot produce evidence of vaccination, in the form of a tattoo, must have a negative official Brucellosis test done through a State or Federal laboratory within 90 days prior to the opening of Fair.
4. Dehorned cattle must be healed over and there must be no evidence of frontal sinus infection at the time of entry. Elective dehorning of cattle while at the Clallam County Fair is prohibited. Accidental horn injuries will be handled by a Veterinarian.
 - a. Market steers must be polled or dehorned; healed horns or re-growth must not extend more than two inches from the hairline. Horned breeding animals must have the horn tips covered as a safety precaution.
 - b. No dairy animals with horns are permitted except in the Junior Heifer Calf class. The definition of horns includes "scurs," "nubbing" or "stubs" that extend more than one inch beyond the skin.
5. It is recommended by the official Veterinarian that all cattle be vaccinated with two doses of shipping fever bacteria, the last dose given approximately 10 days before the first day of the Fair. Secondly, since Infectious-Bovine-rhinotracheitis is a problem among cattle commingled at Fairs, it is recommended that animals be vaccinated against I.B.R. in accordance with methods prescribed by a licensed Veterinarian.
6. Each animal and herd must be identified as to breed, age, sex, and name of owner.
7. Every bovine, regardless of age, must have some form of individual identification. Acceptable forms of id include brucellosis tag and tattoo, RFID tag, ear tattoo, or ear tag including farm ID tag. RFID tags are recommended but not mandatory at this time. This is subject to change if WSDA mandates it.
8. In group classes, all animals must be shown in an individual class to be eligible.
9. In group classes, all animals kept on the same farm and owned by different members of the same family will be considered as one exhibit and the family unit as one exhibitor.
10. No nurse cows or calves allowed in the barn. All animals must be exhibited in their respective classes.
11. All exhibitors are responsible for bedding their own stalls and cleaning out their stalls completely on Sunday night.

4-H/FFA SPECIFIC CATTLE RULES

1. Livestock, both registered and high-quality grade animals are eligible.
2. Bulls are not eligible for 4-H club work.

This may include either a tag, tattoo or microchip (with reader provided by exhibitor). Veterinarians will not allow unmarked animals through vet check.**
2. Because of increased possibilities for Ovine Dermatophytosis (Ringworm) in sheep, the Washington State Fair's Animal Health Department will intensify its inspections and surveillance effort. Recommendations of the WSF to exhibitors:

 - b. Avoid sharing equipment with other exhibitors
