Message from Elections' Division

Dear Clallam County Voters,

Welcome to the 2022 Primary Voters' Pamphlet! This pamphlet is a comprehensive guide designed as a reference tool to help you make informed decisions. Inside you will find useful information about federal, state and local candidates, voter registration, deadlines for returning your ballot and information on new legislation restoring voting rights and Primary Only Voters (17-year-olds allowed to vote in Primaries if turning 18 by the upcoming General Election).

In order to participate in this election you must be registered to vote in Washington. Voters are encouraged to check their status early to ensure they are currently registered and to confirm that their information is up to date and correct. Check your registration now by visiting www.votewa.gov. Beginning eight days before Election Day, all new voter registrations and registration updates will need to take place in person at the Elections' Office during regular business hours (until 8:00 p.m. on Election Day).

Your Signature Matters! Two of the most common reasons ballots are unable to be processed are that they are returned without a signature or with a signature that doesn't match what we have on file. Voters will be notified by mail and provided either a Missing Signature form or a Signature Update form. Completed forms can be returned in the prepaid postage envelope by mail or drop box.

Results will be posted on our website at www.clallam.net/elections soon after voting closes on Election Night. Printouts of the results will also be available in the lobby of the Courthouse.

You can watch us process the election by visiting <http://www.clallam.net/Auditor/Elections.html>.

"Our lives begin to end the day we become silent about things that matter."

- Dr. Martin Luther King, Jr.

Your Vote is your Choice, let your voice be heard.

Sincerely,

Clallam County Elections' Division

Other Professional Experience

Currently a rail worker and a member of the SMART-TD union. A union coal miner for 18 years. Worked in textile, steel, and other industries, joining coworkers to fight for better conditions.

Education

The Black struggle and other workers' struggles taught me a profound confidence in the solidarity and fighting capacity of the working class here and internationally

Community Service

Participation in actions supporting Black farmers fighting land loss, protests against police brutality, against anti-Jewish attacks, and in solidarity with immigrant workers. Defending free speech and debate, and standing against anti-working class, anti-scientific "cancel culture" and "wokeism" ..

Statement

The Socialist Workers Party campaign presents a course for working people to organize, defend ourselves, and make gains amid deepening world capitalist crises. Workers need to break from the Democrats and Republicans, and use our unions to form a party of millions of working people, a labor party, to speak and fight in *our* interests.

Moscow's troops out of Ukraine now! U.S. troops & nuclear weapons out of Europe! End U.S. sanctions, which hurt working people. International working-class solidarity, including between Ukrainian and Russians toilers, is key to defeating Moscow's invasion. Workers here share common interests with fellow working people worldwide, not the rulers who exploit us. For unconditional recognition of Israel as a refuge for Jews, increasingly scapegoated for the capitalist crisis, and facing murderous violence.

Workers need access to healthcare, childcare, family planning, easier adoption, contraception, and safe and secure abortion. Solidarity with farmers, who face soaring production costs and threat of foreclosure. Nationalize the land, to guarantee use by those who live on and work it.

Defend Cuba's socialist revolution, which shows it *is* possible for workers and farmers to transform ourselves in struggle, take political power, and begin to uproot capitalist exploitation. End the U.S. economic war against Cuba!

Working people face long hours and insufficient time off. The labor movement must fight for a shorter work week with no cut in pay to create jobs, prevent layoffs, and allow family life. For cost-of-living raises of wages and retirement benefits with every price rise! To defend life and limb on the job, workers must aim for control of production.

Only a revolutionary government of workers and farmers can build a society in the interests of the majority. That's what the SWP fights for.

Community Service

15 years of volunteer work at WA State correction facilities (local, county, & state).

Statement

In 1992 as co-founder, I attended Rainbow Coalition in Seattle with intentions to run for U.S. Senate at the same time Senator Patty Murray came for endorsement. They convinced me to withdraw my name on her behalf and I agreed. Since 1992, senator Patty Murray was elected for WA state & is the chairman of Health and other departments.

I had been a doctor practicing in the state of WA for 38+ years with no complaints against me. Unexpectedly, the Health department suspended my medical license based on misinformation & what I suspect to be racism and Islamophobic. My case was handled through Zoom due to the pandemic and those members of the medical commission were all below my education and experience. I was racially targeted and they said I was demented and unable to practice. That misinformation came from a geriatrician, a member of LGBT whom I visited to get a second medical opinion on some issues. An attorney presented several supporting evidence, proving I was a competent medical doctor. The commission however, were convinced by an assistant attorney general who had been against me for years and I have evidence of that.

I wrote to Patty Murray, the chairman of the Health department, as this was her department. Why did not do anything? I decided to publish not only my grievances but also that of hundreds of my patients, as I am running for U.S. Senate.

I advocate amendments to the constitution which include War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as a privilege and not a right, allow foreign-born Americans to run for President, and U.S. Congress to meet in states by rotation. Guenther

(Prefers Republican Party)

Elected Experience

None, which is an attribute. Please read my statement carefully, I am about one thing results and I will bring results through this position.

Other Professional Experience

State and Tribal.

Education

MSW, I have every intention of getting involved in education on a local level. We have to fix where our schools are at. I will work with both parties to focus on test scores, vouchers, and helping all schools.

Community Service

A great deal of service. I am a Tribal member who will reach out to both sides of the aisle, and I will be involved with fixing crime and homelessness on a local level.

Statement

My name is John Guenther, I am a Republican candidate for the US Senate. I am calling on votes from Democrats, Independents, and Republicans. I promise members of Congress or their significant others will not be permitted to own individual stocks and I will get term limits for the House and Senate; or I will not run again. Under my watch, we will fight the printing of money and the massive debts we are under, and we will stop inflation.

I will fight crime by ensuring Judges don't allow dangerous individuals out on bail. I will ensure Prosecutors file on dangerous individuals, I will fund the police, and will stop tent cities in city limits. I will be involved locally.

With education, focus on the basics, bring up test scores, why are poor and minority schools always the worst? We need to look at vouchers. Teach sex ed at home, and end CRT.

With energy, yes to alternative sources, but bring back nuclear, and get the uranium, oil and gas from American states. I will support legal immigration, and stop this surge. With foreign affairs, operate from a position of strength, stop allowing countries that are hostile to America, take over America. We are about to accidentally enter WWII.

I want to Reach out to Republicans and say, hardliners will not win, vote for me. Democrats, I will work closely with you and will work on a local level to make our State safe again, and help our educational system. With Independents, do you trust the direction we are going? We need leadership to right this wrong. I am saying to all three groups, vote for me and you will get results. I will not tell you that I have a plan, I will produce or not run again.

Tiffany

Smiley

(Prefers Republican Party)

Elected Experience

No prior elected experience, but an extensive background building coalitions and working with members from both parties to enact legislation reforming the Veterans Administration and improving veterans' health care.

Other Professional Experience

Triage nurse, full-time caregiver, President and Co-Founder of "Hope Unseen," veteran's advocate, mother of three growing boys.

Education

Whitworth College- Bachelor of Science in Nursing

Community Service

KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement

Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

Statement

As a Democrat, I have always the interests of the people at heart, because I truly believe that *democracy* is the best form of government for all the people across this Earth.

My Bachelors of Arts & Science from the University of Washington, followed by many years of study at the Environmental University of Oxford graduating with a Public Health PHD & Environmental Science and Cybernetics. (PPE)

All of my life I have extended myself to the community, with non profit work at "People's Health International" working against endemic diseases such as Tuberculosis and many other communicable illnesses that ravage the most neglected human beings at the bottom of the pyramid.

It is my fervent belief that government by the people, from the people and for the People -- shall never perish from this Earth, if we can help it.

That is, if we can help it be maintained as discussed in our party manifest, and as "We Democrats and Independents" can coalesce into a strong majority that will push through our political agenda of Growth, Equality in front of the eyes of the law, and Equanimity in opportunity to harvest the American Dream that is promised to all of us, but rarely delivered to the ones who are less fortunate amongst us, because of racial divisions, lack of economic opportunity for most, and also because we are still tied up to the carriage of runaways that preach systemic racism and white supremacy, and still happen to be the majority of our elected officials. This is what I am here to change, and that is why I ask for your vote.

Thank You

Statement

The 7% inflation in 2021, the worst in 40 years, cost the average U.S. household \$3,500 more for the same goods and services.

Think about this. The ineffective career politicians in charge, who just messed up your wallet, want another chance. Bad idea.

This election, *cut your losses*.

Vote your unhappy wallet a Senator (and Representative) who will sponsor tried-and-true policies that foster prosperity.

Specifically, under Democrat President John F. Kennedy, almost everything was made-in-the-USA, America was energy independent, our border was secured, and inflation was 1%. *With policies like JFK*, Donald Trump's inflation rate was 1.2%.

Something else. Article IV, Section 4, in the Constitution, protects each state against invasion. Accordingly, I oppose amnesty for illegal aliens. These people invaded America.

His successfulness has attracted him to running for office. In all of what is happening now, he has been seeing what new measures government should be taking. Certain things need "More of it!" until adequate completion. We've only started. In this society, good programs and personnel for security in schools need more development. A system to achieve accountability for government officials and workers needs to be created. The effect of Covid on everything still need recovery, not just resuming. Statement

This year's candidacy marks a decade of not trying to win but to use the Voters' Pamphlet to attract viewers to the posts on my blog <http://stopeastlinknow.blogspot.com>. It began in response to the Seattle Times failure to recognize Sound Transit had a board of elected officials and a CEO that didn't understand the basics of public transportation.

That 4-car light rail trains don't have the capacity to reduce peak-hour congestion on multi-lane freeways and cost too much to operate during off-peak commute. That the billions already spent on Prop 1 extensions will do nothing to reduce freeway congestion. They're only a down payment on ST3 "voter approved" extensions whose costs have increased from the \$54B voters approved in 2016 to \$135B in 2022; yet don't increase capacity but add to operating cost.

The Times has abided Sound Transit no longer releasing quarterly service reports that would have shown Northgate Link ridership was ~8000, a fraction of the 42,000-49,000 the paper had heralded as "Transit Transformed". Portending even worse debacles for the "voter approved" ST3 extensions; my goal to expose.

This year it will also allow state residents to vote for someone who doesn't believe the country is systemically racist, believes teaching CRT doesn't benefit students, and that sex education should be age appropriate. That Gov. Inslee should explain the benefits of EVs whose batteries are charged by fossil fueled generators and whose owners don't pay gas taxes to fund roads. Who questions the efficacy of his carbon tax when the country only emits 15% of the planet's CO2 and a Dec NAS paper conclusion:

CO3 warming effect decreases with concentration. CO2 has less and less effect with increased concentration. CO2 can go to 1000 to 2000 to 5000ppm and it won't warm the earth

Statement

My name is Jon Butler, I'm running for Untied States Senator of Washington State/ My platform is Family Court Reform and Family Law Reform. I've been an advocate for going on 10 years now. Helping parents and children here in Washington to around the country and the world. Family Courts have destroyed families, dreams of our children and their parents for over a century. It Started in 1910. It is time to stop the abuse on Washingtonians and the American parents. I would like to Butler Corps, like Job Corps but for older adults: the homeless vets, woman and men. Where people can get a good education/trade and off the street, to get them a job. Everyone needs just a nudge in the right direction. Also, I would love to give teachers raises and better incentives. They are on the front line our generations to come, and they should be treated like the best. Furthermore, somethings that has been on my heart to do is, limit terms on politicians. This has never been done in history. It is time to make history and make this happen. There are other great things I would love to get done for us Washingtonians, from creating stricter laws on pedophiles, stricter voter ID laws, again term limits, to even raising he speed limits on some highways. Plus, to step it up I don't ask for donations, my name isn't bought like most of them are. I even will be giving the paycheck back to the public. Giving it back to local communities and building families up. The other part will go to building Butler Corps. I am not asking for money. I'm asking for your vote. Statement

Social Liberal and Fiscal Conservative

Fix Our Broken Monetary System: Inflation is at a 40-year high. US debt is \$30 trillion and accelerating. Since 1971, The Fed's money printing is administered like a painkiller. After 50 years, the US economy is addicted to synthetic stimulus. We can forgo the Weimar Republic pattern. There is a way out. Wtfhappenedin1971.com

Since 1971, wealth inequality continues to widen. QE and money printing is the biggest wealth transfer to the financial class in human history. Money printing is bleeding the working class. Inflating housing, food, and fuel. The root cause of homelessness. We are in a large-debt cycle and Bitcoin will provide relief from the failing US Dollar. As Senator Solstin, I will focus on fixing our broken monetary system. Bitcoin eliminates the magic money printer. Eliminates inflation. Crypto does not. Crypto is fiat.

I want to be Senator Solstin to give control back to citizens. I advocate privacy, individual sovereignty, and private property. In summary, Bitcoin. Nothing else is sufficiently decentralized. As a privacy advocate, I will fight every CBDC effort, including countries who implement a CBDC. The US worker shouldn't compete with an ultra-centralized, economy. Central Bank Digital Coin is slave money. Dystopian. I'm happy to debate this with any opponent.

Conservationist: I will fight for clean air, clean water, clean soil, and clean energy.

STEM Leadership: The internet's TCP/IP accelerates the velocity-of-data. Bitcoin's BTC/LN accelerates the velocity-of-value. Both protocols demonstrate *decentralized* resiliency, and accelerates the digital transformation of Science, Technology, Engineering and Math (STEM). I will strategically invest in STEM's digital transformation, accelerating abundance and prosperity for everyone. The aging US Senate desperately needs proven, STEM leadership. In the next term, Senator Murray will be 78.

These last few years have been some of the toughest for our state that I can remember. But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely; make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

Statement

Hi, I'm Thor Amundson, and I am a pro-democracy candidate and freedom of choice and freedom of speech. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water over seas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools; reintroduce the monarch butterfly to Washington state. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Annex Weyerhaeuser's land and give away 250k free off-the-grid homesteads in WA state. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

Bring our Washington Orca back from Florida. Please vote for Thor Amundson, U.S. Senate.

Statement

We have a serious problem and even as wealthy as this Nation is, this is getting expensive. \$30,400,000,000,000 National Debt along with increasing interest rates; the postponement/abandonment of dealing with this has left the United States in a precarious financial situation, Interest Payments this year will exceed \$600 Billion (1.7 Billion Each Day).

The incumbent has been in office 29 years; the National Debt has increased over \$26,400,000,000,000 during her time in office. Without your help it will not get repaired, the people who created this mess have no incentive to fix it. Grandmothers, moms, your kids and grandkids have gotten Fleeced!

Not learning from but repeating history is Insane yet here we are again, will the catastrophic results repeat also? George Washington's farewell speech in 1798 addressed Political Parties and the damage they would inflict on this Nation because of Potentates and Despotism; the cost of abandoning Virtue and Morality for Legalism; the dangers and damage of Outside Foreign Influence; along with the irresponsibility and cost associated with an unfettered National Debt.

Thomas Jefferson stated: "I know no safe depository of the ultimate powers of society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education."

Unfortunately there are no term limits; the Elephants and Asses (Republicans and Democrats) defrauded/deceived you, your kids and your grandkids! The only way to get rid of the lifers in the House and Senate is to remove/fire them all. If you are tired of the status quo, help change it. It's past time to clean house.

Have been writing about the Nation Debt since 1992, operate two websites Scaryreality.com, 2004; Insanityrules.org, 2019. Thanks Chuck

I am a successful entrepreneur, businesswoman, wife, and mother. Born and raised in Bellevue, WA, I have watched firsthand our state's downfall. Friends ask me "Naz, why would you put yourself out in the angry political world?" Simple. As the daughter to Iranian immigrants and as wife to a husband whose family fled the Socialist Republic of Romania, I have seen sacrifice. I love my country, I love the constitution, and I want there to be a future for my children and yours! As an independent, I believe that our differences empower us and that respect is essential, even when we disagree. We all see the bad direction our country is headed and we all see the hypocrisy among both sides of the establishment. We all want change. I am that change.

I believe our 2-party system does not care for the common citizen. They pledge their allegiance to their party. I will pledge allegiance to our country and the people of WA! I promise to be honest, upright, and continue holding the same moral values that I hold in my personal life, family, and business. I won't be bought by special-interest groups and I will put the grueling issues that plague our state first on the list. From holding state officials accountable with homelessness funds, to fighting big Pharma, inflation, education, student loans, energy innovation, immigration, etc. The list goes on and I'm prepared to bring solutions to the table and work between party lines to get things done!

Who is best to represent you Washington? A democrat? A republican? Or is it an independent? One who truly loves her state, the Washington people, and wants to better the quality of life for all. The voters have to decide. Thank you for the opportunity to serve and represent you!

Statement

F*** Qanon. F*** Vladimir Putin. These enemies are existential threats to our Constitution & Democracy. We need newly elected blood and energy within U.S. Congress. I'm an Engineer and the America's 1st Data Scientist U.S. Senate candidate. As a Progressive who rejects corporate campaign donations, here's my new Senate Reform Ideas platform.

Term Limits Contract. If I serve more than 2 terms in office, I go to prison or face lawsuits by Washington State citizens; I propose a legal framework contract between myself and Washington State Executive Branch Government. Understand, if the terrible 'Texas abortion bounty hunting' is legal, then my contract proposal can be too.

Radical Transparency. Let's end secret backdoor lobbyist meetings; Make lobbyists' lives more difficult. *The police must wear bodycams, so should politicians.* I will be the 1st politician to wear bodycams, livestream record all interactions with lobbyists. My Senate Staffers will wear bodycams too.

We must '*Reframe National Security*' = '*All Basic needs met for all Americans!*' These are investments in America, not a burden. Healthcare, higher education, Public Infrastructure & Fighting Climate Change. Think about the broken 1977 Bridge of Vulcan, West Virginia. That desperate town actively requested foreign aid money from U.S.S.R. (see Wikipedia). When we don't take care of our own citizens, this makes us extremely vulnerable to foreign actors.

US Defense budget has *never been audited*, but it's not wise to cut before measuring. Let's impose 'failure to audit penalty', lock DOD budget at FY2019 with annual 10% reallocation penalty towards boosting Veteran medical care and cash payout to Veteran families' welfare.

In closing, I'm the *only* candidate in America offering *Term Limits Contract & Bodycam fulltime*. This is a 1 time offer, Washington State. I'm in no position to run for public office again in the future. *Peace! *mic drop**

Statement

In our district — in the richest country on Earth — no one should be homeless, hungry, without healthcare, or in poverty. Working families shouldn't struggle to pay their rent or mortgage. The government shouldn't be bailing out Wall Street and multinational corporations during Covid while American small businesses go under. We shouldn't have 40,000 veterans and 120,000 kids living on the streets.

All of these problems are policy choices by the corporate elite. We have the money to solve them.

Everyone in the 6th District deserves a good-paying job and Social Security. You deserve healthcare without co-pays, deductibles, or premiums. You deserve safety, security, and a comfortable home. I'm the only candidate in this race fighting for the policies to make that happen, and I'm the only Democrat who does not take corporate or lobbyist money. I oppose Medicare privatization, which has been forced on millions of seniors without their consent. I answer to *you*, not corporations and lobbyists.

Here are some of my policies: Getting money out of politics. Protecting and *expanding* Social Security. Improving Medicare and expanding it to every American. A national jobs program like during the Great Depression (as part of a Green New Deal). A housing guarantee. Supporting active service members and veterans. Free college and trade school.

What this all adds up to is a secure job, healthcare, home, and retirement for all. How will we pay for it? By redirecting subsidies from the 1% to the 99%.

My grandfather was a U.S. Army Colonel, and my father was a U.S. Foreign Service Officer. I hope to continue my family's tradition of service in Congress. In 2020, I got 35,000 votes. Now I'm here to finish the job. I hope to earn your vote, so I can fight for *you* in Congress.

Statement

I'm proud of being recognized as one of the Representatives in Congress most committed to bringing people together, even working with people with whom I disagree. But too many people in our area are suffering because Mitch McConnell and Donald Trump believe that blocking progress may help them win elections.

My priority is helping folks in our community. People in our area are being squeezed by inflation. I've voted to crack down on price gouging by oil companies and lower gas prices. I helped write legislation to reduce dependence on China and boost manufacturing in America, which would reduce inflation. I voted to make prescription drugs more affordable and expand Social Security to provide relief from rising prices. I voted to protect a woman's right to choose and prevent any state from putting a woman or her doctor in prison. I voted to prevent voter suppression and protect voting rights. Unfortunately, McConnell is blocking all of those things from becoming law. No wonder folks are frustrated that Washington DC isn't doing enough to help people in our Washington.

I'm running for Congress to stand up for reform – to reduce the role of big money in politics, ban members of Congress from buying stocks, and stop Members from being paid if they don't do their jobs and pass a budget.

I'm running to get government working again for people – to clean up Puget Sound, expand Social Security, lower the cost of housing and reduce homelessness, keep our neighborhoods safe for everyone by funding police, and support local small businesses. I'll fight back against McConnell and Trump so we can make progress.

I grew up on the Olympic Peninsula, the son of two teachers. I'm committed to helping people in our area who are struggling. I ask for your vote.

Statement

It's been a rough couple of years with Jay Inslee and Derek Kilmer. The Governor has done only one thing well and that's abuse power. Representative Kilmer aligned with tyranny and misinformation against informed citizens. The unvaccinated were never the threat that good men and women were fired for. Men don't vote democrat! This isn't the party of your fathers. Kilmer voted with his party on the very legislative agenda that has fueled inflation, increased onerous regulations and usurped states' rights.

I offer a different style of leadership. I think for myself and only listen to experts. I don't trust them. I Trust the individuals to decide what's best for themselves and their families. Some voters don't follow politics too closely - and elect the wrong people. We learn and choose anew. In my judgment, we must bear down and stay the course of very little or no deficit spending. Educate the people about the myth of a man-made climate crisis and use all available sources to drive down the price of fuel and build electricity producing plants to meet increasing demand and avoid rolling brownouts. Eliminate federal restrictions to facilitate these goals. Encourage states to enforce the laws and punish criminals. Build jails and mental institutions as appropriate. Secure the borders and deport illegals after due process. Start logging and replanting forests to prevent massive fires. Remain a cash society and never cede U.S. sovereignty. Promote Common Law adjudications for liberty and accountability. In difficult times rational, not emotional, policies are the most merciful and just.

Federal money shouldn't be spent indoctrinating students in critical theories. Keep curriculum local or eliminate the Department of Education. Children must be taught the truth and to persevere, doing what's good and necessary.

Together we will regain sane governance. Let's stop the madness!

Statement

I'd like to reintroduce myself to Sixth District voters: I ran for this office in 2016 and was humbled and honored for your support in the Primary and for the more than 126,000 votes you gave me in the General election. Seeing the damage inflicted on our country by the ill-advised policies of this administration has prompted me to offer fresh leadership and practical real-world business experience to focus on addressing the many important issues we are facing: 40-year record inflation, shortages in critical goods, degradation of American energy and infrastructure, the spike in crime in our communities, and policies that undermine public safety and weaken our national security.

We are seeing lower labor participation and supply chain disruptions due to pandemic-related economic dislocation. Although household incomes had been improving, they are now being outpaced by inflation. The Federal Reserve has recklessly squandered its tools, holding interest rates too low, for too long; the Fed is in need of greater congressional oversight, for which I have the training and experience.

As a Navy officer, I swore an oath to support and defend the constitution. Our obligations to public safety and national security continue to be of great concern. I will focus on common sense solutions to restore faith in our laws and our criminal justice system. After a disastrous withdrawal from Afghanistan and weakness on the global stage, Russia and China have been emboldened. With a war in Europe and threats to our interests in Asia, we need someone with a strong record of knowledge and accomplishment in this arena.

I will work to restore strong economic growth, restore public order and safety and provide for the national defense to keep America safe; I respectfully request your vote.

Statement

My candidacy isn't about me. It's about America and Americans, Washington and Washingtonians--people like you and me who live here, and love it here.

Most of us sense America's headed the wrong direction. Crime and homelessness are surging. Public safety's threatened. Businesses are suffering. Inflation is the highest in 40 years. We all feel pain at the grocery store and gas pump. Biden's administration isn't *solving* the problem--it *is* the problem. Congress isn't doing its job. 2022 is pivotal. I'm fighting for this District, to defend what we all love: Strong Families, Strong Communities, Strong Country. That means: Restoring public safety by supporting our police and military; Rebuilding our economy by lowering taxes and debt; Eradicating homelessness; Protecting America's sovereignty and our workers' livelihoods; Preserving Constitutional freedoms; and Reclaiming parental authority over their children's education.

I'm not a career politician and never intended to be. I was asked to run, for what others saw in me: commonsense leadership with a moral compass, combined with a skillset and professional background that delivers what's needed *now*: a gift for sizing up problems, communicating effectively, and engaging productively to *get things done right*, and *get the right things done*.

The Democrats' agenda is corrosive from within. It's rewarded destructive behaviors, and spawned crushing debt. House Democrats are off course, and our current Representative votes in lockstep with the worst of them, as if we were Seattle. (We're not). The House has been rife with dirty tricks, but it stops *now*.

I'm a Mom on a Mission to Clean Up The House in D.C. As the only endorsed Republican candidate in this race, (having earned the unprecedented early endorsement of the Washington State and County Republican Parties, current and former legislators, community, military, and law enforcement leaders), I ask for your vote.

Statement

As Secretary of State, working with our citizens and Legislature, using only American labor not more globalism, I commit to improving and replacing election systems and processes as needed to guarantee every Washingtonian who can legally vote can easily vote, people who legally cannot vote do not vote, and implement a voter identification system and routine audits to protect the integrity of our elections. Compared with accuracy and transparency requirements for engineering, banking, and healthcare, our elections have been completely substandard. We deserve and will build an election system that earns our trust.

We need a strong voice of the people serving in Olympia, someone who has a record of actually getting things done, not just another government career builder, political agitator, or activist trying to build name recognition. We need innovative, free-market solutions proven in the real world. My successful career was built outside of the swamp of government. Like serving on jury duty, I will serve our people, taking responsibility, deliver what I promise, then return to private life, and never make excuses.

For those unaware, China is assembling a 'security' pact in the Pacific. This amounts to a series of gas stations for their 350 ship navy, 80 ship maritime militia, and any aircraft and small craft imaginable. They already have Guadalcanal. They also have 100 tankers and 400 containerships (Temporary helo troopships). So, if certain dominoes fall certain ways, we could have half a million Chinese troops in Western Washington. Where there is a huge anchorage and ready protection from our Army provided by mountains, deserts, and rivers. If this comes even close to happening, we will already have had a bad day. Long before then I want the Military to Recon the place hard and think about what to do with that much trouble.

Chinas' move is not so much new as next. Part and parcel to the happenings in Ukraine. You don't need ESP to see war clouds gathering. We must get our supply chain out of their country. That wont happen by itself.

Then there are the republicans. I think the free states should sue the slave states. To have a free and fair election in the United States, it must be free and fair in every state.

Statement

I was born and raised in Russellville, Alabama, to a young mother and father. Growing up in the south as the 2nd oldest of 14 children was challenging at times; however, I garnered valuable leadership skills and the ability to influence. I learned the importance of hard work, giving back to the community, and becoming a person of value. After graduating high school and attending college, I decided to pursue a new career by enlisting in the U.S. Army and serving my country. Soon after my military career, I obtained my B.S. Degree and maintained a career in Banking. Washington has been my home for nearly a decade, and I enjoy volunteering and hiking.

I choose to run for Secretary of State because representation matters, voter education matters, election security matters, and restoring confidence in our democracy matter.

Washington state has maintained recognized leadership in the nation with its impressive mail-in voting process and same-day voting registration. I believe I can carry on that legacy once I am elected.

As an openly gay man of color, it would be a groundbreaking achievement once I am elected.

I ask you for your vote to become your Secretary of State.

Borrelli

(Prefers America First (R) Party)

Elected Experience

Voted in as Director of Washington Election Integrity Coalition United in November of 2020. WEICU, pronounced (*We See You*).

Other Professional Experience

Managing Director of multiple family businesses (Los Angeles, CA); Owner, 'Spiral Café' (Yelm, WA); Property Manager, 'Rainier Properties' (Rainier, WA); Director, 'Wellspring Wellness Center' (Yelm, WA).

Community Service

Rescue stray and disabled animals (2010- present); Election Integrity Investigator filing eight lawsuits & Writ of Mandamus (2016- present). Washington Representative of 'Restore-Liberty' (2021- present)

Statement

I am an Election Integrity Investigator fully committed to restoring transparent, secure and verified elections for all of Washington voters. Currently, we are told that our mail-in system is the most "convenient, accessible and secure" in the country, yet we appear to be sacrificing voter confidence in the name of convenience. The public is currently prohibited from inspecting the key aspects of our elections despite vulnerabilities of tabulation machines being widely known. Our voter rolls don't appear to be properly maintained which could allow fraudulent ballots to be accepted, and because anyone with your name and birthdate can turn in your ballot, we currently do not have verifiable ballot chain-of-custody. This isn't a partisan issue. If we can't trust the process of how we elect our representative government then our Democratic Republic is only an illusion. We the People must be the ones to restore a system that we can trust. No matter where we stand politically, if we can come together on this one thing, *we all will win*. Increased transparency and oversight are key to solving these problems. I am the only candidate in this race committed to restoring that accountability.

Statement

As your current Secretary of State, my top priority is to ensure our elections are secure and accessible to every eligible voter. I am proud of my career in public service working alongside Democrats, Republicans, and Independents advocating for all Washingtonians.

My mom, an Asian immigrant, raised me to work hard, value education, and serve others. That is why I have worn the uniform for more than 30 years and served 15 years in the state Senate.

With bipartisan support from state lawmakers, I am leading work that safeguards our election systems from cybersecurity threats, confronts malicious disinformation, and engages underrepresented communities. These commitments are why I am endorsed by numerous County Auditors who conduct elections, labor and business, voting rights advocates, and prominent state and federal leaders.

The Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voting rights in Washington. As attacks on our democracy become more sophisticated, I am here to lead our state's elections through security challenges. It has been the privilege of my life to serve as your Secretary of State, and I would be honored to earn your vote.

Community Service

Statement

For five decades, Washington voters across the political spectrum, have trusted Republican leaders to oversee our sacred right to elect our own leaders. That ended when the governor appointed a Democrat to fill Secretary Wyman's vacant seat. I am running to return this office to the "people's choice" and to restore balance, accountability, and integrity to our election and voter registration system.

Washington has one of the most accessible election systems in the country; that needs to be protected. But with accessibility comes risk. Washington needs a SoS who understands the value of your vote and the need for constant vigilance and security improvements to protect the integrity of our elections; the bedrock of our society. Under my leadership, this office will be proactive, unbiased, and transparent.

Voter confidence suffers when we do not definitively and consistently demonstrate a commitment to free, fair, and transparent elections. And when confidence falters, voters no longer participate. I am the only candidate who has actually sponsored legislation (Washington Voter Confidence Act) to both improve access and accountability. I am not running to make things better for any political party, I am running to make things better for Washington State voters.

Statement

I'm running for Secretary of State to restore trust and integrity to government, especially our election systems. From registering voters, to eliminating irregularities, and to auditing and validating all votes, I will insure 100% accuracy and compliance with laws!

We need a passionate, experienced leader to head this critical agency who will work with county auditors and fight for election integrity and fairness. I've spoken to many Washingtonians, Republicans, Democrats, and Independents alike, who feel as I do that our concerns with government performance are not welcome. It shouldn't be controversial for Washingtonians to ask for transparency or demand audits and evidence of zero fraud. Yet many who have merely asked questions about problems or irregularities, have been mocked, silenced, or labeled as conspiracy theorists.

Citizen oversight over government is uniquely American! I will support all people, of any political party or belief, who want to be involved to ensure that their voices, and the voices of all others, are heard.

If I accomplish one result as Secretary of State, it would be to ensure that all Washingtonians are 100% convinced that elections were accomplished with integrity, and the results are true. I would be honored to get your vote!

Statement

Polarization has eroded trust in our government. The Secretary of State has the critical job of running trustworthy elections, as well as providing public records access, business registry, and library services. This demands experience. Partisanship has no place in the Secretary of State's office.

I've been Pierce County's nonpartisan Auditor for 12 years, leading a nationally recognized, award-winning office that has increased voter access, enhanced election security, and improved auditing procedures. I've provided oversight and statewide leadership in elections, increased access to public records, and streamlined business licensing. I hold national and state certifications in election administration and am a certified public records officer.

I've worked closely with counties throughout the state. Together, we've created a national reputation for excellence. That's how I've earned the trust and endorsement of more than 30 Democratic, Republican, and Independent election administrators and County Auditors throughout Washington State.

My experience and leadership managing hundreds of elections in Washington's second largest county has prepared me to serve as your Secretary of State. I will protect our democratic republic by making our elections more secure, transparent, and accessible. I ask for your vote.

Statement

I know better days are ahead for our state and nation, but we must be honest and say times are very hard right now, and state government too often is making life harder. Seattle driven legislation has increased gas prices, undercut public safety, and raised taxes.

My life has been about serving others. State Government needs more servant leaders, and fewer masters. It must return to making life better and more affordable. Our top priorities must be public safety, schools and jobs. These are my values, and the values of our community.

Statement

Working as a journalist and then as a code enforcement officer gave me experience that makes me uniquely qualified to be the next Director of Community Development.

As a journalist I learned how our government functions and developed working relationships with our local, state and federal officials.

As a code enforcement officer I learned that we have outdated and ambiguous codes. We're in a housing crisis, yet living in a tiny house on wheels or a trailer hooked up to septic on private property is criminal. Farmers are forced through onerous permitting to host small-scale farmers markets or agritourism.

As Director, I will be engaged in working with other departments and agencies to find affordable housing solutions. We must work together to address this issue. We must also clarify our codes to bring predictability and consistency to the permitting process. We must prioritize enforcement of the most serious violations that present actual risks to health and safety. And we must include the public as we develop our 2025 comprehensive plan.

I am honored to be endorsed by Clallam County Sheriff Bill Benedict, who is confident I have the experience and knowledge necessary to succeed as our next DCD Director.
