November 3, 2009 General Election

Published by the
Office of the Secretary of State

Learn, give back... and vote!

This is your opportunity. Following up on the record-breaking 2008 election season, we in Washington State are getting involved in our communities as never before. As we weather these difficult economic times together, we are rolling up our sleeves and finding meaningful ways to get engaged, to give back, to volunteer, and to help find solutions to some of our toughest problems.

My office has adopted the theme FindYour One Thing this year to underscore a simple truth – that each and every person has the gifts and talents to make a difference. It can be a simple act, like changing to environmentally-friendly lightbulbs, or something more involved, like volunteering in our schools or working with people with disabilities, the elderly, or the hungry.

As your chief elections official, I hope that your “civic engagement” will also include registering and voting. It has never been easier. Visit us online at www.vote.wa.gov for a variety of resources, including online registration, customized voter information at MyVote, and the Online Voters’ Guide.

As you scan this newly redesigned Voters’ Pamphlet, you’ll notice the 2009 election features two statewide ballot measures. But this year’s election is mostly dedicated to picking our local government leaders. Some areas will have legislative and judicial races, as well. If your local candidate information is not included in this pamphlet, your county elections department will have information available for you.

This is your time to choose, and to get involved.

Thanks for participating!

Sincerely,

A handwritten signature in black ink that reads "Sam Reed".

The Ballot Measure Process

The Washington State Constitution affords voters two methods of direct legislative power — the initiative and the referendum.

While differing in process, both initiatives and referenda leave ultimate legislative authority in the hands of the people.

The Initiative

Initiatives to the People - Initiatives to the people, if certified to have sufficient signatures, are submitted for a vote of the people at the next state general election.

Initiatives to the Legislature - Initiatives to the Legislature, if certified to have sufficient signatures, are submitted to the Legislature at its regular session each January.

Any registered voter, acting individually or on behalf of an organization, may propose an initiative to create a new state law or to amend or repeal an existing statute.

To certify an initiative (to the people or to the Legislature), the sponsor must circulate the complete text of the proposal among voters and obtain a number of legal voter signatures equal to 8 percent of the total number of votes cast for the office of Governor at the last regular gubernatorial election.

Initiative measures appearing on the ballot require a simple majority vote to become law (except for gambling or lottery measures, which require 60 percent approval).

The Referendum

Referendum Bills - Referendum bills are proposed laws referred to the electorate by the Legislature.

Referendum Measures - Referendum measures are laws recently passed by the Legislature that are placed on the ballot because of petitions signed by voters.

Any registered voter, acting individually or on behalf of an organization, may demand, by petition, that a law passed by the Legislature be referred to a vote of the electorate prior to its going into effect. Emergency legislation is exempt from the referendum process.

To certify a referendum measure to the ballot, the sponsor must circulate among voters the text of the legislative act to be referred, and obtain a number of legal voter signatures equal to 4 percent of the total number of votes cast for the office of Governor at the last regular gubernatorial election.

A referendum certified to the ballot must receive a simple majority vote to become law (except for gambling and lottery measures, which require 60 percent approval).

Please note: The preceding information is not intended as a substitute for the statutes governing the initiative and referendum processes, but rather should be read in conjunction with them.

Initiative Measure**1033**

Proposed by initiative petition:

Initiative Measure No. 1033 concerns state, county and city revenue.

This measure would limit growth of certain state, county and city revenue to annual inflation and population growth, not including voter-approved revenue increases. Revenue collected above the limit would reduce property tax levies.

Should this measure be enacted into law?

Yes

No

The Official Ballot Title and the Explanatory Statement were written by the Attorney General as required by law. The Fiscal Impact Statement was written by the Office of Financial Management as required by law. The Secretary of State is not responsible for the content of arguments or statements (WAC 434-381-180). The complete text of Initiative Measure 1033 begins on page 11.

Explanatory Statement

The Law as it Presently Exists:

State and local governments receive revenue through taxes and fees. Some of the rates for these taxes and fees are set by elected representatives in the state Legislature, or in the case of certain local taxes, by local city councils, county councils, or boards of county commissioners. Local taxes may be imposed only if they are authorized by state law. The rates for taxes paid to the State of Washington are set in statute by the Legislature. The voters may also enact laws regarding taxes by initiative or, if applicable, by referendum. Some local taxes can only be imposed if the local voters approve them. State law also permits the assessment of certain

fees by state or local agencies, as authorized by the Legislature.

The State deposits much of the revenue that it receives from taxes and fees into the state general fund and into accounts referred to by the law as "related funds." Cities and counties place much of the revenue that they receive from taxes and fees into local "current expense funds." These funds are similar in nature to the State's general fund. State law limits spending from the State general fund and "related funds" to the prior year's expenditures from those funds, increased by the average growth in state personal income for the prior ten years. The spending limit does not apply to city and county expenditures.

The state constitution and state statutes limit the maximum amount of revenue that state and local governments may collect from property taxes in a given year, and the amount that property taxes may be increased each year. The state constitution generally limits the total of all annual property tax levies on a particular property to no more than 1% of its true and fair value, unless voters approve higher property taxes. In addition, by statute, the total amount of money that any state or local jurisdiction receives from property taxes may only increase by 1% per year, or the rate of inflation. Total property tax revenue for each jurisdiction can only go up by more than this amount if the voters of that jurisdiction approve the increase by a majority vote. Property taxes for particular parcels may increase or decrease by more or less than that amount, depending on changes in assessed valuation or new construction. Property taxes are levied by both state and local governments. Local property taxes are levied by cities, counties, and special districts, either by the elected representatives or through voter approval of specific property tax levies.

The Effect of the Proposed Measure, if Approved:

This measure would limit the growth of revenue to the State's general fund and "related funds," and to cities' and counties' local "current expense funds," based on an annual rate of inflation and population growth. If the State or any city or county receives revenue in a given year above the revenue limit established by the measure, then it must deposit the revenues above the limit into a separate account, and reduce the amount that it otherwise would be authorized to levy in property taxes in the following year by that amount.

The limit on revenue growth would not apply to

revenue increases approved by the voters at an election, and money received from the federal government would not be included in the State's revenue limit. The inflation rate used to calculate the revenue growth limit would be based on the implicit price deflator for the United States. The limit on state general fund revenue also would be based on changes in statewide population, while for cities and counties it would be based on changes in population for each city and county. The revenue limit would be adjusted if the costs of any program or service are shifted to or from the state general fund or local current expense fund to another fund, or if revenue is transferred from the state general fund or local current expense fund to another fund.

Fiscal Impact Statement

Fiscal Impact Through Calendar Year 2015

Initiative 1033 limits annual growth of state, city and county general fund revenue to the rate of inflation and population growth. General fund revenues exceeding this limit must be used to reduce the following year's state, city or county general fund property tax levy. The initiative reduces state general fund revenues that support education; social, health and environmental services; and general government activities by an estimated \$5.9 billion by 2015. The initiative also reduces general fund revenues that support public safety, infrastructure and general government activities by an estimated \$694 million for counties and \$2.1 billion for cities by 2015.

General Assumptions

The initiative is set on a calendar year (CY) basis.

CY 2010 revenue limit is calculated as follows: CY 2009 General Fund Revenue \times (1 + 2009 % Change Population) \times (1 + 2009 % Change Inflation).

CY 2010 general fund revenues that exceed the CY 2010 revenue limit will be transferred into new "Lower Property Tax Accounts" for the state, counties and cities. The first transfer(s) into the new accounts will occur in CY 2011.

The first property tax levy to be reduced by the initiative is the 2011 levy, which is collected in CY 2012. Thus, funds will be transferred from the new "Lower Property Tax Accounts" into state, county and city general funds in CY 2012 to account for any reduction in 2011 levies.

State Revenue Estimate - Assumptions

The initiative defines state general fund revenue as the aggregate of revenue from taxes, fees and other governmental charges received by state government that are deposited into any fund subject to the state's expenditure limit under RCW 43.135.025. For CY 2009 and CY 2010, state general fund revenues are General Fund – State revenue estimates from the June 2009 Washington State Economic and Revenue Forecast Council converted from a fiscal-year basis to a calendar-year basis.

The following state revenue sources, totaling less than \$30 million annually, have been excluded from these estimates:

- Sales and income from property.
- Contributions and grants.
- Grant and loan repayments.
- Indirect and prior cost recoveries.
- Unclaimed property.
- Charges for publications and documents.
- Interest and investment earnings.

State general fund revenues for CYs 2011–15 are estimated to grow, on average, by the change in real per capita personal income plus change in inflation plus change in population, adjusted for revenue elasticity. This methodology is consistent with prior long-term revenue forecasts produced by the Office of Financial Management (OFM), and results in an average annual growth rate of 4.8 percent.

State general fund revenues are reduced by the amount required to be transferred into the Budget Stabilization Account created under Article 7, Section 12, of the Washington State Constitution.

The initiative defines inflation as the annual percentage change in the Implicit Price Deflator for Personal Consumption for the United States as published on or about March 27 each calendar year by the Bureau of Economic Analysis and reported by OFM. Inflation estimates for CY 2009 and CY 2011 are from the June 2009 Washington State Economic and Revenue Forecast. Inflation estimates for CYs 2012–15 are from the June 2009 IHS Global Insight forecast of the Implicit Price Deflator for the United States. The Washington State Economic and Revenue Forecast Council relies on IHS Global Insight models and data for the U.S. portion of the official state economic forecast.

The initiative defines population growth as the percentage change in the statewide population based on the annual statewide population determinations reported by OFM during the prior calendar year and the current calendar year. Statewide population growth estimates are from OFM's 30-Year Forecast of the State Population. (See page 9, Figure 1.1)

State Costs to Implement - Assumptions

Less than \$50,000 will be incurred by OFM in CY 2009 and CY 2010 to set up, test and verify computer systems, and establish policies and practices to implement a state general fund revenue limit.

County and City Revenue Estimate - Assumptions

The initiative applies to counties, first class cities, second class cities, code cities, towns and unclassified cities.

To account for possible different patterns in population and revenue growth, counties and cities were analyzed using four groupings:

1. Urban County – 7 counties
2. Rural County – 32 counties
3. Cities in Urban Counties – 109 cities and towns
4. Cities in Rural Counties – 172 cities and towns

Urban counties are Clark, King, Kitsap, Pierce, Snohomish, Spokane and Thurston; all others are rural counties. Under RCW 82.14.370, rural counties are defined as a county with a population density of less than 100 persons per square mile or a county smaller than 225 square miles as determined and published each year by OFM for the period July 1 to June 30.

County and city general fund revenues are defined as the aggregate of revenue from taxes, fees and other governmental charges received by the county or city and deposited into the county current expense fund or city general fund, respectively. County and city revenues are estimated from 2007 financial information contained in the Local Government Financial Reporting System (LGFRS) of the Washington State Auditor's Office. Only funds reported within LGFRS as general fund revenues are assumed to be deposited into the county current expense fund or city general fund, and therefore, are included in these estimates.

The following county and city revenue sources

have been excluded, from these estimates:

- Federal and state direct and indirect grants.
- State shared taxes or revenues.
- Charges for contracted services performed by counties or cities.
- Charges for enterprise activities or charges that are not governmental in nature.
- Inter-fund and inter-department charges.
- Interest and investment earnings.

County and city general fund revenue growth rates for CYs 2009–15 are related to the state's revenue growth rate by estimating each grouping's five-year historical rate of revenue growth in proportion to the state's revenue growth rate of 4.8 percent.

Inflation estimates for counties and cities are the same as used for the state.

Population growth is defined as the percentage change in the countywide population for counties and the percentage change in citywide population in cities, as reported annually by OFM. County and city population growth is estimated from OFM's 30-Year Forecast of the State Population, adjusted using OFM's Washington State County Growth Management Population Projections: 2000-2030 and each grouping's historic population growth rates. (See page 9, Figures 1.2, 1.3, 1.4, and 1.5)

County and City Costs to Implement - Assumptions

County and cities will incur indeterminate costs to implement the initiative during CY 2009 and CY 2010 to modify computer systems, establish policies and practices, train employees and respond to requests for public information. Costs will vary by jurisdiction and depend, in large part, on the jurisdiction's ability to modify accounting systems to identify and track revenues subject to the general fund revenue limit.

Statement For Initiative Measure 1033

I-1033 CLOSES LOOPHOLES THE LEGISLATURE PUT IN TAXPAYER PROTECTION INITIATIVE 601, VOTER-APPROVED IN 1993

In 1993, during tough economic times, voters approved I-601, putting reasonable limits on government's fiscal policies, establishing a sustainable rate for government to grow. I-601 worked very well for many years until the Legislature started putting loopholes in it, resulting in major deficits – \$3.2 billion in 2003 – \$9 billion in 2009.

I-1033 reestablishes I-601's same reasonable allowance for growth (inflation plus population growth) and includes a safety valve allowing higher increases with voter approval.

I-1033 gets government off the "fiscal roller coaster," allowing it to grow at a sustainable rate that doesn't outpace taxpayers' ability to afford it.

WHAT HAPPENS TO EXCESS TAX REVENUES THAT GOVERNMENT COLLECTS ABOVE I-1033'S LIMIT? AFTER A FIXED ...

... percentage of tax revenue is transferred into the constitutionally-protected rainy day fund, the remainder of excess tax revenues gets refunded back to taxpayers via lower property taxes. Struggling working families and fixed-income senior citizens desperately need relief from our state's crushing property tax burden. Washington shouldn't be a state where only rich people can afford a home. I-1033 provides needed, long-overdue property tax relief.

OPPONENTS WANT HIGHER TAXES AND A STATE INCOME TAX – OPPONENTS ARE AGAINST ANY LIMITS ON ...

... government's power to take as much as they want from taxpayers. Property taxes keep going higher and higher and government keeps getting bigger and bigger. The people are losing control. I-1033 allows government to grow but at a rate citizens can control and taxpayers can afford. I-1033 is needed now more than ever.

WASHINGTON'S THE 8TH HIGHEST TAXED STATE IN THE NATION – I-1033 KEEPS US FROM HITTING #1

I-1033 reminds politicians that taxpayers don't have bottomless wallets. I-1033 puts a reasonable limit on the growth of government and provides plenty of flexibility (rainy day funds, federal funds, voter-approved revenues). Vote Yes.

Rebuttal of Statement Against

Washington has 16 years of positive experience with I-601 (Colorado's totally different).

Reestablishing I-601's very successful policies helps government, taxpayers, and the economy.

I-1033 provides fiscal discipline and flexibility: any revenue from any source deposited into general funds is limited except voter-approved/rainy day/federal funds for the state and except voter-approved funds for counties/cities.

I-1033 gives control to citizens—if government wants bigger increases, they can ask taxpayers' permission.

Vote Yes.

Statement Against Initiative Measure 1033

EYMAN'S LATEST INITIATIVE IS ALREADY A PROVEN FAILURE

Tim Eyman's latest initiative uses the same failed formula as the "TABOR" law passed in Colorado, which led to deep cuts to public schools, roads and highways, and children's health care. It did so much damage to the state's economy that in 2005, Coloradans voted to suspend the law.

I-1033 WILL MAKE IT HARDER FOR US TO DIG OUT OF THE RECESSION

The national recession has cost our state thousands of jobs and forced billions in cutbacks to important local services, like education and health care. I-1033 will force deeper cuts and lock them in for years – meaning more job losses, more hard times for Washington families, and a longer delay waiting for our economy to recover.

MORE BAD NEWS FOR OUR COMMUNITIES AND SMALL BUSINESSES

I-1033 will make things harder than ever for local communities already struggling to maintain basic services such as road repair, libraries and public safety. Small businesses rely on those services, and oppose I-1033 because they will continue to suffer during a prolonged recession.

MORE DAMAGE TO OUR SCHOOLS, AND A DEEPENING HEALTH CARE CRISIS

This year we've slashed school funding by \$1.5 billion, and as many as 3,000 teachers and education employees are facing layoffs. The Eyman TABOR plan will take even more resources away from Washington's classrooms – and Washington's kids.

Despite a growing senior population, funding for nursing homes, in-home care and adult day health services are being cut – and 40,000 Washington residents of all ages may lose their Basic Health Plan coverage. Eyman's TABOR plan will make our health care crisis more severe.

Times are tough enough already – let's not make them worse. Vote NO on I-1033.

Rebuttal of Statement For

Initiative 1033 will hurt, not help, Washington's senior citizens. That's why AARP Washington and the Washington State Senior Citizens Lobby oppose I-1033. And Initiative 1033 will hurt, not help, working families. That's why the Greater Seattle Chamber of Commerce, Washington State Labor Council, Washington Association of Churches, and many others oppose I-1033. As we try to recover from the worst recession in decades, Washington just can't afford another Tim Eyman initiative. Vote NO on 1033.

Initiative Measure 1033

AN ACT Relating to protecting taxpayers by limiting the tax burden on Washington's citizens; adding a new section to chapter 43.135 RCW; amending RCW 84.52.065; adding new sections to chapter 36.33 RCW; adding new sections to Title 35 RCW; adding new sections to Title 35A RCW; amending RCW 84.52.043; amending RCW 84.55.010; and creating new sections.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

POLICIES AND PURPOSES

NEW SECTION. Sec. 1. This measure is intended to protect taxpayers by reducing our state's obscene and unsustainable property tax burden by controlling the growth of government to an affordable level. It is long overdue. This measure would limit the growth rate of state, county, and city general fund revenue, not including new voter-approved revenue, to inflation and population growth. Excess revenue collected above these limits would be used to reduce property taxes. This measure permits the growth of Washington's tax burden to increase at an affordable, sustainable rate, allows citizens to vote for higher taxes where they see a need, and uses excess revenues above this limit to reduce property taxes.

Intent of sections 2(7), 4(7), 6(7) and 8(7): Voter-approved increases in revenue are exempt from this measure's revenue limit. This includes binding votes of the people and does not include a revenue increase approved by an advisory vote. The language of this act is clearly intended to ensure that voter approval of a property tax levy lid lift only exempts the additional increase in property tax revenue and not the base levy.

Intent of sections 2(8), 4(8), 6(8) and 8(8): In order to ensure affordability, sustainability, and predictability of the people's tax burden, the rate of growth of general fund revenue, not including new voter-approved revenue, shall not exceed inflation and population growth. The general fund revenue limit for 2010 will be the revenue collected and received in 2009, adjusted for inflation for 2009 and population growth using determinations by the office of financial management in 2009 and 2010 (new voter-approved revenues are exempt). The general fund revenue limit in 2011 will be the general fund revenues received in 2010 that do not exceed the limit for 2010, adjusted for inflation and population growth using determinations by the office of financial management in 2010 and 2011 (new voter-approved revenues are exempt). The people want the revenue limit for any year to be the previous year's general fund revenue plus an adjustment for that year's inflation and population growth. This will ensure that the rate of growth of our tax burden does not exceed the taxpayers' ability to afford it.

Intent concerning inflation and population growth: This measure limits state, county, and city general fund revenue increases, not including new voter-approved increases, to inflation and population growth. The office of financial management reports the bureau of economic analysis' calculation for annual inflation on March 27 following each calendar year; this measure uses that calculation to define inflation. The office of financial management annually develops and tracks populations for the state, counties, and cities and generally reports its determinations each year on June 30. It is an extensive, detailed and long-standing demographic program. This measure defines population growth as the percentage change in population based on those determinations made in the current year and the previous year; this measure uses those calculations to define population growth.

Intent of section 11: Property tax increases are currently

limited to one percent per year. This measure makes no change to the calculation of that limit. Instead, it requires a reduction in property taxes when general fund revenues exceed the revenue limit.

Intent related to reserve accounts: This measure exempts fund transfers in and out of the constitutionally required rainy day fund for the state. In regard to cities and counties, this measure makes no change to the ability of any city or county to use existing and future reserve funds to supplement their general fund revenue when revenue is below their revenue limit.

During these tough economic times, struggling working families and fixed-income senior citizens desperately need and deserve meaningful property tax relief. Property taxes have skyrocketed for decades and politicians have done nothing to address this very real problem. This measure also provides a much-needed economic stimulus to our state's struggling economy by keeping our tax burden at an affordable, sustainable level and by reducing our state's crushing property tax burden. So, this measure ensures meaningful tax relief, a big boost to our state's economy, and long-overdue reform of government. It is a smart, balanced, reasonable solution to our state's property tax problem.

LIMITING THE TAX BURDEN OF WASHINGTON'S CITIZENS BY LIMITING THE GROWTH OF STATE GOVERNMENT'S GENERAL FUND REVENUE, NOT INCLUDING NEW VOTER-APPROVED REVENUE, TO INFLATION AND POPULATION GROWTH.

EXCESS REVENUE ABOVE THIS LIMIT WOULD BE USED TO REDUCE PROPERTY TAXES IMPOSED BY STATE GOVERNMENT

NEW SECTION. Sec. 2. A new section is added to chapter 43.135 RCW to read as follows:

(1) The growth rate of state government general fund revenue, not including new voter-approved revenue, must be limited to inflation and population growth. As provided in subsection (8) of this section, any revenues received above this limit must be deposited into a new account hereby created called the "Lower State Property Taxes Account." All revenues received during a year which are deposited in this account must be used to reduce the subsequent year's state property tax levy as provided in section 3 of this act.

(2) For purposes of this section, "general fund revenue" means the aggregate of revenue from taxes, fees, and other governmental charges received by state government that are deposited in any fund subject to the state expenditure limit under RCW 43.135.025. "General fund revenue" does not include the funds required to be transferred into the fund created under Article 7, Section 12 of the state constitution and does not include funds transferred from that fund. "General fund revenue" does not include revenue received from the federal government.

(3) For the purposes of this section, "inflation" means the annual percentage change in the implicit price deflator for the United States as published on or about March 27.

(6) If the cost of any state program or function and the revenue to fund the program or function are shifted to the state general fund or any fund subject to the state expenditure limit under RCW 43.135.025, on or after January 1, 2009, the limit required by this section shall apply to the aggregate of funds subject to the state expenditure limit under RCW 43.135.025, including the shifted revenue for that year and all subsequent years.

(7) For the purposes of this section, "new voter-approved revenue" is defined as the increase in revenue approved by the state's voters at an election after the effective date of this act.

(b) For subsequent years, the general fund revenue, not including new voter-approved revenue, received above the amount received in the immediately prior calendar year, less any deposits into the "Lower State Property Taxes Account," adjusted by any amount necessary to reflect inflation for the immediately prior calendar year and population growth, must be deposited in the "Lower State Property Taxes Account."

Sec. 3. RCW 84.52.065 and 1991 sp.s. c 31 s 16 are each amended to read as follows:

(1) Subject to the limitations in RCW 84.55.010, in each year the state shall levy for collection in the following year for the support of common schools of the state a tax of three dollars and sixty cents per thousand dollars of assessed value upon the assessed valuation of all taxable property within the state adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue.

(2) The state property tax levy must be reduced from the amount that could otherwise be levied under subsection (1) of this section by an amount equal to the gross deposits to the "Lower State Property Taxes Account" established in section 2 of this act from the previous year.

(3) The balance of the "Lower State Property Taxes Account" must be transferred each year to the general fund to account for the reduction of the levy as provided in subsection (2) of this section.

(4) As used in this section, "the support of common schools" includes the payment of the principal and interest on bonds issued for capital construction projects for the common schools.

The legislature passed Engrossed Second Substitute Senate Bill 5688 concerning rights and responsibilities of state-registered domestic partners.

(WAC 434-381-180). The complete text of Referendum Measure 71 begins on page 19.

Explanatory Statement

The Law as it Presently Exists:

The Office of the Secretary of State maintains a domestic partnership registry. Two individuals may enter into a state-registered domestic partnership if the individuals meet certain criteria, including: sharing a common residence, being at least 18 years of age, and being members of the same sex. The domestic partnership is also available to two individuals of the opposite sex if one of the individuals is at least 62 years of age.

Under existing law, a registered domestic partnership is not a marriage because Washington law defines marriage as a civil contract between a male and a female who have each attained the age of 18 years, and who are otherwise capable of entering into marriage.

Existing law provides state-registered domestic partners and partnerships with some of the powers and rights and responsibilities available to married spouses. Such existing powers and rights include health care facility visitation rights, the ability to grant informed consent for health care for a patient who is not competent, title and rights to cemetery plots, and automatic termination of power of attorney upon termination of the state-registered domestic partnership. Domestic partners of public employees are eligible to participate in Public Employees Benefits Board insurance coverage. A certificate of domestic partnership issued by the Office of the Secretary of State fulfills eligibility requirements for the domestic partner of the public employee to receive benefits.

Existing law also addresses certain rights and responsibilities of state-registered domestic partners related to community property, estate planning, taxes, court process, service to indigent veterans and other public assistance, conflicts of interest for public officials, and guardianships.

Under existing law, there are two processes by which domestic partners may terminate the registration and relationship. A domestic partner may file a petition for dissolution in superior court and follow the same procedures applicable to dissolution of marriage. However, registered domestic partners may also use a non-judicial termination process by filing a notice

of termination with the Office of the Secretary of State if, at the time of filing notice, neither registered partner has minor children and neither partner is pregnant; the domestic partnership is not more than five years in duration; the total fair market value of community assets is less than \$25,000; and neither partner has separate property assets in excess of \$25,000.

The Effect of the Proposed Measure, if Approved:

If approved, the measure would amend references in numerous state statutes so that rights, responsibilities, and obligations granted by or imposed by state law on married couples and their families would apply equally to state-registered domestic partners. The terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family, when used in state statutes, would be interpreted as applying equally to state-registered domestic partnerships as well as to marital relationships and married persons. Similarly, references to dissolution of marriage would apply equally to state-registered domestic partnerships that have been terminated, dissolved, or invalidated. Gender specific terms such as husband and wife used in any statute, rule, or other law would be construed to be gender neutral, and applicable to individuals in state-registered domestic partnerships.

If approved, the measure would not change the statute defining marriage under Washington law. A domestic partnership would not be within the definition of marriage, which would continue to be limited to one man and one woman.

The measure would provide state-registered domestic partners a number of additional powers, rights, and responsibilities such as: the ability to use available sick leave to care for a domestic partner, or to receive wages and benefits where available when a domestic partner is injured; the right to receive unpaid wages upon the death of a domestic partner; the ability to receive unemployment benefits, disability insurance benefits, or workers compensation coverage where such benefits and coverage is provided to married spouses; rights under insurance policies that accrue as a matter of law after the death of a spouse, such as conversion rights and continuing coverage rights; rights and responsibilities related to adoption, child custody, and child support; and rights related to business succession applicable to married spouses.

State agencies would be required to amend

agency rules to ensure that privileges, immunities, rights, benefits, or responsibilities granted or imposed by statute to an individual because that individual is or was a spouse in a marital relationship are granted or imposed on equivalent terms to an individual because that individual is or was in a state-registered domestic partnership.

If approved, the current non-judicial termination process available to domestic partners would be repealed and termination of state-registered domestic partnerships would require a judicial action.

Fiscal Impact Statement

Fiscal Impact Through Fiscal Year 2015

Referendum 71 would enact legislation, E2SSB 5688, that expands the rights, responsibilities and benefits of registered domestic partners. Referendum 71 would increase state costs by paying for additional worker compensation and crime victim claims benefits; additional state employee pension survivor benefits; and other administrative expenses. Costs are estimated at \$900,000 for fiscal years 2009–11, \$1.5 million for fiscal years 2011–13 and \$1.6 million for fiscal years 2013–15. State revenue from estate taxes estimated at \$260,000 would be reduced in fiscal years 2013–15, while \$7,000 in annual fee revenue would be gained.

General Assumptions

Estimates are based on information provided by state agencies during the 2009 legislative session for Engrossed Second Substitute Senate Bill (E2SSB) 5688.

Estimates are based on early 2009 data of the number of registered domestic partnerships. There are approximately 5,000 registered domestic partnerships with the Secretary of State. Of that number, 1,500 of those individuals were older than 62, and therefore, could be registered in same-sex or opposite-sex domestic partnerships.

Estimates include costs that were funded in the state budget as well as costs that state agencies were expected to absorb.

Estimates exclude approximately \$15,000 in costs incurred to implement E2SSB 5688 before August 1, 2009.

State Cost Estimate - Assumptions

For fiscal years 2009–15, the following estimated costs would be incurred:

\$1.1 million - Additional worker compensation and crime victim claim benefits.

\$2.6 million - Additional state employee pension survivor benefits.

\$300,000 - Changes to public rules, information systems, publications and other administrative costs.

Referendum 71 would extend eligibility for public employee health benefits to all registered domestic partnerships. However, the Public Employees Benefits Board has exercised its statutory discretion to extend public employee health benefits to all registered domestic partnerships independent of E2SSB 5688.

Therefore, costs estimated by the Health Care Authority for the implementation of E2SSB 5688 are excluded from this estimate.

State Revenue Estimate – Assumptions

E2SSB 5688 would allow a registered domestic partner to take a marital deduction, which reduces the taxable estate subject to state estate taxes.

Referendum 71 would retain domestic partner eligibility for the deduction, resulting in an estimated \$260,000 reduction in revenue in fiscal years 2013–15.

E2SSB 5688 authorizes the Secretary of State to record changes to registered domestic partnerships in the event of a change in address, name change, dissolution or death. There is a \$10 fee for change filings. Referendum 71 would retain this authority, resulting in an estimated \$7,000 gain in fee revenue each year.

County and City Cost Estimate - Assumptions

While the fiscal impact cannot be determined, counties and cities would incur expenses related to revision of property tax laws, additional court cases and related matters.

Address Confidentiality Program

If you are a victim of domestic violence, sexual assault, trafficking, and/or stalking who has chosen not to register to vote because you are afraid your perpetrator will track you down through voter registration records, the Office of the Secretary of State has a program that might be able to help you.

The Address Confidentiality Program (ACP) works together with community domestic violence and sexual assault programs in an effort to keep crime victims safer. The ACP provides participants with a substitute address that can be used when conducting business with state or local government agencies. ACP participants are eligible to register as Protected Records Voters, meaning the registration information is not public record. All ACP participants must be referred to the program by a local domestic violence or sexual assault advocate who can help develop a comprehensive safety plan.

Statement For Referendum Measure 71

THE DOMESTIC PARTNERSHIP LAW PROTECTS ALL WASHINGTON FAMILIES

This law ensures that all Washington families have the same protections, rights, and responsibilities as their neighbors. The law guarantees that all families will be treated fairly, especially in times of crisis. Many gay and lesbian couples, often with children, and many senior couples are domestic partners. Often these seniors can't marry without sacrificing needed health and pension benefits. Domestic partnership laws allow them to protect their loved ones.

"This law provides essential protections to many older couples and to families with children who would otherwise be living without a safety net."

WHAT IS INCLUDED IN THE DOMESTIC PARTNERSHIP LAW?

Death benefits for partners of police and firefighters killed in the line of duty.

Right to use sick leave to care for a seriously ill partner.

Pension benefits for partners of teachers and other public employees.

Victims' rights.

Right to workers' compensation benefits if a partner is killed in the course of employment.

WHO SUPPORTS THE LAW?

More than 150 organizations, including congregations and faith based organizations and their leaders, all across our state – like the Washington State Nurses Association, Washington Association of Churches, AAUW, Childhaven, Washington State Senior Citizens' Lobby, Associated Ministries of Pierce County, Asian and Pacific Islander Women and Family Safety Center, Jewish Family Service, Anti-Defamation League, Washington Education Association, Planned Parenthood, Japanese American Citizens League, Lutheran Public Policy Network, SEIU, Latino Political Action Committee, American Federation of Teachers, King County Coalition Against Domestic Violence, Safe Schools Coalition, Mainstream Republicans, Equal Rights Washington, PFLAG, Young Democrats of Washington, Washington State Bar Association.

They, and we, ask you to vote *Approved* on R-71 - for All Washington families.

Rebuttal of Statement Against

All families should be treated fairly and equally under the law. Committed couples who want to take care of each other should have the protections they need to keep their families safe. They should be allowed to visit each other in the hospital, take family medical leave, have insurance or receive inheritance. Children should be protected when a parent dies. This law does not affect schools or change the definition of marriage in any way.

Statement Against Referendum Measure 71

REJECT SENATE BILL 5688 TO PRESERVE MARRIAGE!

SB 5688 is primarily about homosexual *marriage*—not benefits.

Senator Ed Murray told the Seattle Times (Jan. 10, 2007), when announcing the Domestic Partnership Bill, "The goal is *marriage* equality. It's an important statement that our eyes are on the prize, and the prize is *marriage*." Representative Jamie Pedersen told the Times (Jan. 28, 2009) that SB 5688 will give homosexuals "a bridge until they can legally marry."

Senator Murray told the Times (May 17, 2009) that the domestic partnership expansion (SB 5688) is an "incremental approach...a strategic plan."

SB 5688 is the last incremental step to same-sex *marriage* in Washington State.

REJECT SENATE BILL 5688 TO PROTECT FAMILIES!

Marriage between one man and one woman is the foundation for civilized societies and has been for centuries. *Marriage* does not exist just for the emotional satisfaction of two individuals, but for the greater good of the social order. *Marriage* is about providing the most stable and healthy environment in which to raise children.

REJECT SENATE BILL 5688 TO PROTECT CHILDREN!

SB 5688 redefines terms such as "husband" and "wife" to be construed as "gender neutral." The new law will confuse children and likely result in public schools influencing children to accept a new definition of the "family unit" so that same-sex partners will be a recognized norm.

REJECT SENATE BILL 5688 TO PROTECT TAXPAYERS!

If Senate Bill 5688 is implemented, it will mean another massive expansion of government and Washingtonian taxpayers will be stuck with a multi-million dollar bill. Now is not the time to provide more entitlements to a very small minority of the population.

Rebuttal of Statement For

Statutory benefits are not rights. Those who choose to engage in homosexual relationships already enjoy the exact same constitutional rights and protections all Americans have. Washington has decided to recognize and promote marriage between one man and one woman above other types of relationships. SB 5688 would make our state's Defense of Marriage Act meaningless. Washington State cannot afford to make same-sex partnerships equal to marriage. It's that simple. *Reject SB 5688 to preserve marriage!*

It is the intent of the legislature that for all purposes under state law, state registered domestic partners shall be treated the same as married spouses. Any privilege, immunity, right, benefit, or responsibility granted or imposed by statute, administrative or court rule, policy, common law or any other law to an individual because the individual is or was a spouse, or because the individual is or was an in-law in a specified way to another individual, is granted on equivalent terms, substantive and procedural, to an individual because the individual is or was in a state registered domestic partnership or because the individual is or was, based on a state registered domestic partnership, related in a specified way to another individual. (1) Subject to the availability of funds appropriated for this specific purpose, except where inconsistent with federal law or regulations applicable to federal benefit programs, agencies shall amend their rules to reflect the intent of the legislature to ensure that all privileges, immunities, rights, benefits, or responsibilities granted or imposed by statute to an individual because that individual is or was a spouse in a marital relationship are granted or imposed on equivalent terms to an individual because that individual is or was in a state registered domestic partnership.

(2) Except where inconsistent with federal law or regulations applicable to federal benefit programs, all agency orders creating new rules, or amending existing rules, shall be formulated to reflect the intent stated in subsection (1) of this section.

Sec. 15 RCW 6.27.140 and 2003 c 222 s 6 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in type no smaller than elite type:

NOTICE OF GARNISHMENT AND OF YOUR RIGHTS

A Writ of Garnishment issued in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. If the garnishment is for child support, the exempt amount paid to you will be forty percent of wages due you, but if you are supporting a spouse, state registered domestic partner, or dependent child, you are entitled to claim an additional ten percent as exempt.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or a United States pension, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts up to five hundred dollars of property of your choice (including up to one hundred dollars in cash or in a bank account) and certain property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT

IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(b) "Employee" does not mean a person who is employed at a worksite at which the employer as defined in (a) of this subsection employs less than fifty employees if the total number of employees employed by that employer within seventy-five miles of that worksite is less than fifty.

(5) "Employer" means: (a) Any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and includes any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision, which employs fifty or more employees for each working day during each of twenty or more calendar workweeks in the current or preceding calendar year; (b) the state, state institutions, and state agencies; and (c) any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision.

(11) "Leave for the birth or placement of a child" means leave as described in RCW 49.78.220(1) (a) or (b).

(12) "Leave for the employee's serious health condition" means leave as described in RCW 49.78.220(1)(d).

(13) "Parent" means the biological or adoptive parent of an employee or an individual who stood in loco parentis to an employee when the employee was a child.

(14) "Period of incapacity" means an inability to work, attend school, or perform other regular daily activities because of the serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

(15) "Reduced leave schedule" means a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

(16)(a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity;

(D) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication or therapy requiring special equipment to resolve or alleviate the health condition. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this chapter.

(c) Conditions for which cosmetic treatments are administered are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraine, routine dental or orthodontia problems, and periodontal disease are examples of conditions that do not meet the definition of a "serious health condition" and do not qualify for leave under this chapter. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other

conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions provided all the other conditions of this section are met.

(d) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care services upon referral by a health care provider. Absence from work because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this chapter.

(e) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this chapter even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days.

(17) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

(a) The value of qualified real property reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the decedent was at the time of his or her death a citizen or resident of the United States.

(b) The value of any tangible personal property used by the decedent or a member of the decedent's family for a qualified use on the date of the decedent's death, reduced by any amounts allowable as a deduction in respect of the tangible personal property under section 2053(a)(4) of the internal revenue code, if all of the requirements of subsection (10)(f)(i)(A) of this section are met and the decedent was at the time of his or her death a citizen or resident of the United States.

(c) The value of real property that is not deductible under (a) of this subsection solely by reason of subsection (10)(f)(i)(B) of this section, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the requirements of subsection (10)(f)(i)(C) of this section are met with respect to the property and the decedent was at the time of his or her death a citizen or resident of the United States.

(2) Property shall be considered to have been acquired from or to have passed from the decedent if:

(a) The property is so considered under section 1014(b) of the Internal Revenue Code;

(b) The property is acquired by any person from the estate; or

(c) The property is acquired by any person from a trust, to the extent the property is includible in the gross estate of the decedent.

(3) If the decedent and the decedent's surviving spouse at any time held qualified real property as community property, the interest of the surviving spouse in the property shall be taken into account under this section to the extent necessary to provide a result under this section with respect to the property which is consistent with the result which would have obtained under this section if the property had not been community property.

(4) In the case of any qualified woodland, the value of trees growing on the woodland may be deducted if otherwise qualified under this section.

(5) If property is qualified real property with respect to a decedent, hereinafter in this subsection referred to as the "first decedent," and the property was acquired from or passed from the first decedent to the surviving spouse of the first decedent, active management of the farm by the surviving spouse shall be treated as material participation by the surviving spouse in the operation of the farm.

(6) Property owned indirectly by the decedent may

qualify for a deduction under this section if owned through an interest in a corporation, partnership, or trust as the terms corporation, partnership, or trust are used in section 2032A(g) of the Internal Revenue Code. In order to qualify for a deduction under this subsection, the interest, in addition to meeting the other tests for qualification under this section, must qualify under section 6166(b)(1) of the Internal Revenue Code as an interest in a closely held business on the date of the decedent's death and for sufficient other time, combined with periods of direct ownership, to equal at least five years of the eight-year period preceding the death.

(7)(a) If, on the date of the decedent's death, the requirements of subsection (10)(f)(i)(C)(II) of this section with respect to the decedent for any property are not met, and the decedent (i) was receiving old age benefits under Title II of the social security act for a continuous period ending on such date, or (ii) was disabled for a continuous period ending on this date, then subsection (10)(f)(i)(C)(II) of this section shall be applied with respect to the property by substituting "the date on which the longer of such continuous periods began" for "the date of the decedent's death" in subsection (10)(f)(i)(C) of this section.

(b) For the purposes of (a) of this subsection, an individual shall be disabled if the individual has a mental or physical impairment which renders that individual unable to materially participate in the operation of the farm.

(8) Property may be deducted under this section whether or not special valuation is elected under section 2032A of the Internal Revenue Code on the federal return. For the purposes of determining the deduction under this section, the value of property is its value as used to determine the value of the gross estate.

(9)(a) In the case of any qualified replacement property, any period during which there was ownership, qualified use, or material participation with respect to the replaced property by the decedent or any member of the decedent's family shall be treated as a period during which there was ownership, use, or material participation, as the case may be, with respect to the qualified replacement property.

(b) Subsection (9)(a) of this section shall not apply to the extent that the fair market value of the qualified replacement property, as of the date of its acquisition, exceeds the fair market value of the replaced property, as of the date of its disposition.

(c) For the purposes of this subsection (9), the following definitions apply:

(i) "Qualified replacement property" means any real property:

(A) Which is acquired in an exchange which qualifies under section 1031 of the Internal Revenue Code; or

(B) The acquisition of which results in the nonrecognition of gain under section 1033 of the Internal Revenue Code.

The term "qualified replacement property" only includes property which is used for the same qualified use as the replaced property was being used before the exchange.

(ii) "Replaced property" means the property was:

(A) Transferred in the exchange which qualifies under section 1031 of the Internal Revenue Code; or

(B) Compulsorily or involuntarily converted within the meaning of section 1033 of the Internal Revenue Code.

(10) For the purposes of this section, the following definitions apply:

(a) "Active management" means the making of the management decisions of a farm, other than the daily operating decisions.

(b) "Farm" includes stock, dairy, poultry, fruit, furbearing animal, and truck farms; plantations; ranches; nurseries; ranges; greenhouses or other similar structures used

primarily for the raising of agricultural or horticultural commodities; and orchards and woodlands.

(c) "Farming purposes" means:

(i) Cultivating the soil or raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of animals on a farm;

(ii) Handling, drying, packing, grading, or storing on a farm any agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated; and

(iii)(A) The planting, cultivating, caring for, or cutting of trees; or

(B) The preparation, other than milling, of trees for market.

(d) "Member of the family" means, with respect to any individual, only:

For the purposes of this subsection (10)(d), a legally adopted child of an individual shall be treated as the child of such individual by blood.

(e) "Qualified heir" means, with respect to any property, a member of the decedent's family who acquired property, or to whom property passed, from the decedent.

(f)(i) "Qualified real property" means real property which was acquired from or passed from the decedent to a qualified heir of the decedent and which, on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, but only if:

(A) Fifty percent or more of the adjusted value of the gross estate consists of the adjusted value of real or personal property which:

(I) On the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family; and

(II) Was acquired from or passed from the decedent to a qualified heir of the decedent;

(B) Twenty-five percent or more of the adjusted value of the gross estate consists of the adjusted value of real property which meets the requirements of (f)(i)(A)(II) and (f)(i)(C) of this subsection; and

(C) During the eight-year period ending on the date of the decedent's death there have been periods aggregating five years or more during which:

(I) The real property was owned by the decedent or a member of the decedent's family and used for a qualified use by the decedent or a member of the decedent's family; and

(II) There was material participation by the decedent or a member of the decedent's family in the operation of the farm. For the purposes of this subsection (f)(i)(C)(II), material participation shall be determined in a manner similar to the manner used for purposes of section 1402(a)(1) of the Internal Revenue Code.

(ii) For the purposes of this subsection, the term "adjusted value" means:

(A) In the case of the gross estate, the value of the gross estate, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction under section

2053(a)(4) of the Internal Revenue Code; or

(B) In the case of any real or personal property, the value of the property for purposes of chapter 11 of the Internal Revenue Code, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction in respect of such property under section 2053(a)(4) of the Internal Revenue Code.

(g) "Qualified use" means the property is used as a farm for farming purposes. In the case of real property which meets the requirements of (f)(i)(C) of this subsection, residential buildings and related improvements on the real property occupied on a regular basis by the owner or lessee of the real property or by persons employed by the owner or lessee for the purpose of operating or maintaining the real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use. For tangible personal property eligible for a deduction under subsection (1)(b) of this section, "qualified use" means the property is used primarily for farming purposes on a farm.

(h) "Qualified woodland" means any real property which:

(i) Is used in timber operations; and

(ii) Is an identifiable area of land such as an acre or other area for which records are normally maintained in conducting timber operations.

(i) "Timber operations" means:

(i) The planting, cultivating, caring for, or cutting of trees;

or

(ii) The preparation, other than milling, of trees for market.

Make your voice heard Answer the Census

The U.S. Constitution requires a population count every 10 years, a kind of national snapshot of who we are as a nation.

The Census Bureau hopes for 100 percent participation in Washington State when the Census is conducted next spring. Questionnaires will be mailed in March.

Why bother?

The updated information is very important. It is used to distribute more than \$300 billion in federal funds fairly every year to plan for new hospitals, schools and other vital services. It also helps a bipartisan citizen redistricting commission draw new equal-sized legislative and congressional districts that reflect the population growth and shifts over the past decade.

You'll be asked to complete a questionnaire with a few basic facts about the people in your household. It's safe, easy, and confidential.

Remember, everyone counts.
