A message from Assistant Secretary of State Mark Neary

On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at VoteWA.gov. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit VoteWA.gov. For more information about COVID-19, visit coronavirus.wa.gov.

Sincerely,

Mark Neary
Assistant Secretary of State

Explanatory Statement

Written by the Office of the Attorney General

The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021–22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

Fiscal Impact Statement

FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

REVENUE

The referendum has no known state or local revenue impact.

EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

Argument for

Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a "no." Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don't understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let's protect that law, and young people's futures, by approving Referendum 90.

Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they're uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

Argument against

Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington's teenage birthrate *dropped 69%*. Erin's Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

Explanatory Statement

Written by the Office of the Attorney General

The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

Argument for

Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than *six weeks* from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r} 2 \text{ U.S. Senators} \\ +10 \text{ Congressional Districts} \\ \hline =12 \text{ Total electors} \end{array}$$

The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

The Electoral College is established in the United States Constitution and administered by the National Archives and Records Administration (NARA). You can learn more at www.archives.gov.

Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

i The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

i In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

Statement

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

Statement

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

Statement

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

Statement

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

COVID-19 Pandemic: The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

Police Brutality and Systemic Racism: We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

Economic Inequality: After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

Climate Crisis: We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

Nuclear Arms Race: We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

Statement

I first ran for Congress because I believed new leadership was needed to fix Washington D.C. That starts by listening to the people I represent, so I hold regular town meetings and visit hundreds of local employers. New leadership means *bringing together Republicans and Democrats* to try and find common ground, even though it's hard. I cochair a coalition of Democrats and Republicans working to set aside partisanship and solve problems. I'm the youngest Committee Chair in Congress, asked to lead a committee to make Congress work better for the American people. There's plenty more to do, but we've passed several reforms with unanimous votes of Democrats and Republicans, something rare.

Having worked in economic development for a decade, I'm committed to helping our region's economic recovery, supporting small businesses, and *getting folks back to work*. I helped write legislation passed by Democrats and Republicans to support our region's recovery from coronavirus. It provided cash to families, rent and mortgage relief, and assistance to students, small businesses, and the unemployed; but more is needed.

Bringing people together isn't at odds with standing up for our values. I helped stop Donald Trump's attempts to gut the Affordable Care Act. I've championed legislation to protect people with pre-existing conditions, reduce drug costs, strengthen veterans' care, and improve care at rural hospitals. *We need universal, affordable healthcare.*

I'm endorsed by environmental groups because I've championed clean air and water, restoring Puget Sound and fighting the President's proposed drilling off our coast. I support science and believe *we must combat climate change.*

We need to fix our broken political system. I'm leading the fight to reduce the influence of special interests in elections and crack down on politicians who cheat.

I ask for your vote to keep working to get things on track.

Statement

My running for Congress isn't about me. It's about something bigger. It's about America and Americans, Washington and Washingtonians—people like you and me who live here, and love it here.

If we're honest, we sense that America's at a critical crossroads, and a *lot* is at stake in 2020. This year, especially, is about the fight for what's right, for what we all love: Strong Families, Strong Communities and a Strong Country.

That means: Recovering good jobs and our pre-COVID economy; upholding *all* our Constitutional rights, especially First and Second Amendment rights; supporting rural industries by reducing burdensome taxes and regulations while stewarding our environment; protecting the safety and security of our citizens through enforcement of our laws; tackling root causes of homelessness; protecting America's sovereignty through securing our border; and requiring *citizenship*, not just residency, to vote.

I'm not a career politician and never intended to be. Yet, I was asked by others to run for what they saw in me: common sense leadership with a moral compass, combined with a skillset and professional background that delivers what's needed *now* in this District: a proven gift for sizing up problems, communicating effectively, and engaging productively to *get things done right, and get the right things done*.

House leadership has pushed a big-government agenda that's killed jobs, rewarded wrong behaviors, and spawned crushing debt and bureaucratic bloat. House Democrats, along with our current Representative who votes in lockstep with the worst of them, have gotten way off course. The House has been rife with dirty tricks and foul play. Our children's future is on the line.

I'm a *Mom on a Mission to Clean Up The House*. I'm commended by all six Counties' Republican Parties, current and former legislators, and community leaders. I ask for your vote.

Statement

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

These values have guided my public service and advocacy for working people and the vulnerable. I'll build on my record of proven leadership and break barriers as Washington's first openly gay statewide executive.

The Lieutenant Governor's most important job is serving as Senate President. As the only candidate who has served in the Senate, I'm uniquely positioned to get results. I've used my position as Majority Floor Leader to establish the most generous paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief.

While Congress is mired in gridlock and special interest money, here in Washington we've taken bold action, often with bipartisan support. As Lieutenant Governor, I'll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

Endorsements: Lieutenant Governor Cyrus Habib; Washington State Labor Council; Washington Conservation Voters; Alliance for Gun Responsibility; UFCW 21 (nurses and grocery workers); over 50 Senate and House colleagues; multiple Democratic organizations; hundreds of city, county, tribal and community leaders statewide.

Statement

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. Statement

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

Washington State Representative; House Capital Budget Committee Member.

Other Professional Experience

Statement

Mike will be an independent treasurer who has *never accepted corporate campaign donations*. He will stop the longtime practice by treasurers of investing in the same corporations that fund their campaigns. Mike shares our Washington values; the incumbent treasurer supports Donald Trump for President.

A financial transparency champion, Mike led efforts to make the legislature's records open for public view. He passed laws to expose "dark money" in politics. He wrote the Corporate Crime Act that increases financial penalties by 100 times. The Treasurer's Office thanked Mike for working to pass laws that improved treasury investments.

Statement

I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to "increase trust in government" means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor's Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthyauditor.com. I am seeking re-election to this important job and ask for your support.

Other Professional Experience

I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and \$400-500k sales per week.

Education

Community Service

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Statement

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. Statement

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They've also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It's time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state's 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington's working forests continue to provide a steady, reliable stream of income for our public schools. We'll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington's forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

Statement

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students *key life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Statement

I am deeply disturbed about new taxes being forced on the voters of Washington. Recently, our district legislative leaders voted for \$25 billion in new taxes over three years during a budget surplus, even though the 24th district overwhelmingly voted against these taxes in the 2019 tax advisories.

What worries me is that our current leaders may use the pandemic's impact on our economy and revenue shortfalls to push for higher individual, business and property taxes. This may work for the Puget Sound region, but it will be catastrophic for the 24th district. This has to stop or we'll never recover. I will fight to tighten government's belt, make the hard decisions to protect taxpayers, and find the right balance between needs and wants.

Our greatest assets in the 24th district are our natural resources: clean, fresh/salt water and productive forests. We need real strategies for keeping these healthy and sustainable, while growing our timber and fishing industries. I manage one of the largest non-profit drinking water systems in Washington State; I understand water issues and how they impact livelihoods on the Olympic Peninsula and the Coast.

I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

Statement

I am grateful for the opportunity to continue to serve as one of your Clallam County Superior Court Judges. I will work hard to understand and objectively apply the law to the facts of each case.

The events of 2020 have brought unprecedented challenges to the court system. As the Presiding Judge I have worked with my fellow judges and many others to do all possible to ensure that our courts continue to operate. I am proud of the methods we have implemented to keep the courts open and at the same time keep the participants safe.

The coming months and years will bring new challenges as the court continues to transition into a technology driven method of operation. However, many of the challenges related to ensuring that all have access to the justice system, balancing public safety with treatment for those with addiction and mental health issues, and controlling costs, will remain.

I have the experience to lead the court through these challenges. I will fairly decide cases. I will put in the hard work that has been and will continue to be necessary. I will honor your support and confidence through my efforts.

Clallam County Home Rule Charter

Proposed Amendment No. 1

Non-Partisan Prosecuting Attorney

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter, concerning the Office of the Prosecuting Attorney.

This amendment would make the Office of Prosecuting Attorney a non-partisan office.

Should this amendment be:

- Approved
- Rejected

Explanatory Statement

Written by **Elizabeth Stanley**, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter currently provides that the Prosecuting Attorney shall be a partisan office. The amendment, if adopted, would make the Prosecuting Attorney a non-partisan office. Future candidates running for the Office of Prosecuting Attorney would not state a party preference when they file to run for office and a party preference would not be printed on the ballot.

Arguments For and Against this measure are on next page →

The Clallam County Auditor is not responsible for the content of statements or arguments (WAC 434-381-180).

Argument For

The statue of justice always wears a blindfold. This is to signify that for justice to prevail it must treat everyone equally and be blind to outside influences such as political party affiliation. In other words, political affiliation should not impact the decisions of the Prosecuting Attorney. When the office is non-partisan, the public will be assured that party politics is not influencing treatment, proposals, or outcomes from the Office of Prosecuting Attorney.

This important office protects the legal infrastructure for all people. It deals with people who have broken the law and people who rely on protection of the law. Much of the work in this office is done out of public view. Everyone should experience equal justice under the law--regardless of sex, race, wealth, or health. The public want fair and impartial treatment for all.

The current Prosecutor agrees that the position should be non-partisan; we agree as well. Voters can focus their attention solely on the qualification of the candidate.

Your Yes vote means you agree the Prosecuting Attorney should *not* state party preference on the ballot.

Argument Against

It is claimed by some of those that present this amendment to the voters that changing the Prosecuting Attorney elected office into a non-partisan position will somehow maintain an appearance that assures Lady Justice will remain blind. The premise of this amendment is that a non-partisan officeholder will be more independent of partisan politics and will not be inclined to take direction from any outside group. This view is not correct - it assumes that partisan officeholders have no individual agency and are entirely subject to the dictates of whichever political party they affiliate with. If it were true, the partisan prosecuting attorneys in our state's 32 non-charter counties would be mere note-takers, and act only at the direction of political parties. That is manifestly not the case, not finding any general showing that officeholders in those 32 counties are any less effective or less able to discharge their duties and keep their oaths of office, than non-partisan officeholders in charter counties. We should assume that all officeholders are true to their oaths of office, and to their codes of ethics - until they prove otherwise. Further, anyone who wishes to run for that or any other partisan office is free to declare they are independent or affiliate with no party. Declarations of party affiliations or not, by those who run in an election for a partisan office provide voters with important information about their general political outlook. Voters need more information, not less, from those who run for office.

Clallam County Home Rule Charter

Proposed Amendment No. 2

Clarifying Charter Section 4.10

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter, concerning the clarification of Article IV, Section 4.10. This amendment would insert the word "County" before the word Commissioners to clarify any ambiguity as to which Commissioners are being referenced.

Should this amendment be:

- Approved
- Rejected

Explanatory Statement

Written by **Elizabeth Stanley**, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter currently provides in part that "All elected officials shall be non-partisan, except for the Commissioners . . ." This amendment, if adopted, would insert the word "County" before Commissioners as follows: All elected officials shall be non-partisan, except for the County Commissioners. This removes a potential ambiguity that results from not specifying which Commissioners are being referenced.

Arguments For and Against this measure are on next page →

Argument For

No information submitted.

Argument Against

Does this clarification of Charter Section 4.10 rise to the level of *determining its adequacy and suitability to the needs of the county*, as charged by the Charter in Article IX Section 11.10.30: Procedures, in the first sentence? And even if one doesn't consider this section stipulation necessary for what might only appear to just be ambiguous language, BOCC "Commissioners" not prefaced by "County" takes place at least some 65 other times throughout the published charter document. And several of those situations are at a higher level of ambiguity. Also, the addition of the word "*County*" before the word "*Commissioners*" does appear at least some 16 other times and do not appear to add any further clarification than the stand alone term "commissioners"; the clarity is solved by the fact the Charter only uses the term "commissioners" applying solely to just the commissioners elected to the Board of County Commissioners. Even in the case of the Charter Review Commission, the Charter refers to those 15 that are elected as "...members".

In Charter Section 4.10, the clarity is spelled out in the beginning of the section, first sentence that states "... *County Commissioners*" while yet no reference to any other type of commissioner is brought up in the same section. This committee proposes this amendment creates a larger aspect of ambiguity if approved given the condition exist at least 65 other times left unaddressed. This amendment is not necessary for determining the Charter's *adequacy and suitability to the needs of the county*.

Clallam County Home Rule Charter

Proposed Amendment No. 3

Frequency of Charter Review Commission Elections

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter, concerning the frequency of Charter Review elections. This amendment would change the frequency of elections from 5 years to 8 years.

Should this amendment be:

- Approved
- Rejected

Explanatory Statement

Written by Elizabeth Stanley, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter currently provides that a Charter Review Commission will be elected every five (5) years. The amendment, if adopted, would change the frequency of the election of the Charter Review Commission to every eight (8) years. This change would take effect immediately and the next Charter Review Commission would be elected in the general election held in November 2027.

Arguments For and Against this measure are on next page →

Argument For

Clallam County currently reviews its charter every 5 years, which has led to 37 changes in 40 years. This puts our charter, our county's constitution, in a constant state of uncertainty. All other Home Rule Charter Counties in Washington review their charters every 10 years. This allows time to better evaluate the impact of adopted charter changes and decide whether or not they helped create more efficient governance.

Reviews every 5 years leads to "rehashing" of issues. An example: frequency of Charter review has been on the ballot 7 times, and several other amendments more than twice. When convened at our current frequency, the danger is to suggest amendments without a compelling need to do so. Eight years allows more time to rigorously evaluate the impact of changes. The U.S. Constitution has been amended only 28 times in over 200 years, including the Bill of Rights. This consistency is its power.

Charter Review Commissions are not the only way to propose charter changes. Citizens can use an initiative and the Board of County Commissioners can propose charter changes. All proposals must be approved by the county's voters. Changing the frequency to 8 years reduces to 4 Charter Review Commissions in the next 32 years instead of 6, which saves money. Charter Commissions need taxpayer funds to function.

Vote yes on this amendment to make our county charter a more stable document by increasing the review by a Charter Review Commission to eight years.

Sue Erzen, Jim Stoffer and Norma Turner, members of the Charter Review Commission

Contact: serzen@co.clallam.wa.us

Argument Against

We are fortunate, here in Clallam County, to be one of only seven Washington State counties to have adopted home rule charter as our form of governance. Twelve other counties have tried once or twice, without success, to adopt charters.

Home Rule Charter counties are unique. We have the opportunity to periodically review and revise our Charter, which is our Constitution. This form of government provides a power shift from Olympia to "We the People" of Clallam County. As time passes and our population grows, perceptions change as to the best ways to serve our people and our county.

A lot is expected from local governments. Services to its residents include utilities, transportation, education, recreation, stormwater management, zoning, land use regulation and enforcement, construction permitting and inspection, and much more. Health and safety concerns always change with technological innovation. An interval of five years for Charter Reviews has served us well and should continue.

We urge you to vote "No" and reject the proposal to extend the Charter Reviews to eight years.

Clallam County Home Rule Charter

Proposed Amendment No. 4

County Commissioners Elected Countywide

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter, concerning the election of County Commissioners. This amendment would change the system of electing County Commissioners to a system in which County Commissioners will be nominated by district and elected by the voters countywide.

Should this amendment be:

Approved

Rejected

Explanatory Statement

Written by **Elizabeth Stanley**, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter provides that County Commissioners are nominated and elected solely by voters of each district. The amendment, if adopted, would result in County Commissioners being nominated by district in a primary election and then elected by voters countywide in a general election.

Arguments For and Against this measure are on next page →

Argument For

It is time to return to the system (used since the charter started) of nominating County Commissioners in their district primaries then voting *county wide* in the general election.

Since 2015, Commissioners have been elected by district only. This has resulted in the election of commissioners by a small minority of county voters. Of the current County Commissioners, one commissioner earned 13% of all votes cast in their election, another 17% and the third 24%. The result is that we have Commissioners elected by a few voters making decisions for 100% of us. A commissioner does not have to answer at the ballot box to 2/3's of the county's voters for their county wide decisions.

Opponents argue that uniqueness of districts deserve their "own" commissioner. District boundaries change after each census. State and federal representatives are voted district only but State representative is one of 98 and Federal one of 435. Far different than one of only three.

Possible lawsuits under the Washington Voters Right Act of 2018 have been mentioned. Since 2018 we elected a Port commissioner county wide with no legal challenges. Under RCW 36 all other non-charter counties, some with more diverse populations than Clallam, elect County Commissioners county wide.

It is time to return to having your "own three" commissioners rather than your "own one" commissioner. Voters of Clallam County twice rejected the district only system, it is time to reject it again. For the good of the whole county please vote Yes.

Written by

Jim Stoffer, Mary Doherty and Norma Turner,
members of the Charter Review Commission

Contact: jstoffer@co.clallam.wa.us

Argument Against

You already voted to make each Commissioner elected by district.

Five years ago, nearly 63% of you voted to make each county commissioner responsible to you the voter of their district. Now, against public opinion, the proponents want you to go back to "the way it used to be." They think: (1) you got it wrong in 2015; and, (2) you the voter didn't know what you were voting for. Reject their argument again by rejecting their proposed charter amendment.

Voting by District is Fair, Equitable, and Legislatively Encouraged.

In 2015, you the voters joined the effort to make local elections fair and equitable. Three years later, our state adopted the Washington Voters Right Act that encouraged election by district of local officials preventing one larger group using an election countywide scheme to override and quiet the voices of our smaller, unique communities. The proponents weren't able to gain control of the Board of Commissioners by district, so now they have proposed this amendment. An idea you rejected in 2015, including every single precinct in the City of Port Angeles. It was also rejected by over 50% of the respondents to the survey the proponents wrote and pushed out to the public earlier this year.

Our Board of Commissioners all work for their district and their county. Same for our state legislators and our members of Congress. Reject this backwards looking amendment. Doing so keeps our elections fair and equitable as encouraged by state law.

Clallam County Home Rule Charter

Proposed Amendment No. 5

Appointment of Director of Department of Community Development

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter concerning the appointment of the Director of the Department of Community Development. The amendment would remove the Director of the Department of Community Development from elected county officials, thus returning it to an appointed position. The amendment shall become effective at the end of the elected Director of the Department of Community Development's term.

Should this amendment be:

Approved

Rejected

Explanatory Statement

Written by Elizabeth Stanley, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter currently states that the Director of the Department of Community Development (DCD) is an elected county official. This amendment would make the position an appointed position. The DCD Director would be appointed by the Board of County Commissioners. This change would take effect at the end of the current Director's term.

Arguments For and Against this measure are on next page →

Argument For

For most citizens their investment in land and home is the biggest one they ever make. Consistent land use rules assures you this investment will be protected. Changing the head of Department of Community development every four years undermines such consistency. Land use decisions should not be politicized. Public interest overall should be the goal not what an elected official "owes" a campaign donor or supporter. Forcing this position to be elected mandates a political spin every decision made and transparency and appearance of fairness in decision making is significantly comprised. Having an elected DCD has led to actions being filed against the County incurring thousands of dollars in costs to county taxpayers. Clallam County deserves the most qualified Director of Community Development possible. One chosen based on qualifications based on education, experience and job knowledge and abilities. Just as in your daily life you use qualifications to help chose medical, legal, contractors and others for help and services. We should do the same for our DCD Director. Every jurisdiction in the nation appoints this position For decades our county had an appointed Director of DCD like every jurisdiction in the U.S. The position is purposefully non-political everywhere but here. We should join with the thousands of other governmental bodies and return this position to one of appointment. You deserve the best possible Director of Community Development and not be required to settle for a "good enough" politician. Vote Yes on Amendment #5.

Written by

Patti Morris, Nina Richards and Mary Doherty,
members of the Charter Review Commission

Contact: pmorris1@co.clallam.wa.us

Argument Against

Three times now you the voters have chosen to have the Department of Community Development (DCD) Director an elected position. You made that person directly accountable to you. You knew what that meant in 2002, again in 2007, and again in 2015. You still know what it means to have that position elected and accountable every four years to you. You *voted* to decide who would be in charge of the County's land use policies, plans and related activities – things that affect your home, your business, or your job. Every four years, that person has to account to you for their actions and await your decision on election night.

The proponents want this position to be appointed and controlled by the County Commissioners. They have failed to: 1. Explain what "is broken" with the change you made to the Charter and kept three times; 2. Identify how a Commissioner-appointed Director would be accountable to you; 3. Explain how the Director is any different from other elected officials needing very technical expertise such as the Sheriff, Auditor, Treasurer and Assessor; and; 4. Explain what more than a majority of the voters "got wrong" three times at the polls.

Three times so far you have told a group of political-insiders that you know having someone elected means having someone accountable to you. They keep saying you don't understand those decisions. Show them again, for a final time, that you want your officials accountable to you the voter. Reject Charter Amendment No. 5.

Clallam County Home Rule Charter

Proposed Amendment No. 6

Signatures Required for Petitions

The Clallam County Charter Review Commission proposes an amendment to the Clallam County Home Rule Charter, concerning the number of signatures required for an initiative petition to repeal the Charter. The amendment would change the number of signatures required to file an initiative petition for repeal of the Charter from 35% to 20% of the number of voters who voted for the office of governor in the last statewide election.

Should this amendment be:

- Approved
- Rejected

Explanatory Statement

Written by **Elizabeth Stanley**, Clallam County Deputy Prosecuting Attorney

The Clallam County Home Rule Charter provides that an initiative to repeal our Charter requires signatures from 35% of the number of voters who voted for the office of governor in the last statewide election. The amendment would lower the number of signatures required to 20% of the number of voters who voted for the office of the governor in the last statewide election.

Arguments For and Against this measure are on next page →

Argument For

This amendment reduces the number of registered voters' signatures required to place on the ballot an initiative for Charter repeal from 35% to a more reasonable number of 20%. If you wanted to place an initiative on the ballot now, you would have to collect 13,811 signatures which is 35% of the 39,462 voters who voted for the office of governor in the last statewide election. With this amendment, you would only have to collect 7,892 signatures, which is 20% of 39,462.

All other Home Rule Charter Counties require 20%. No other initiative in our Charter requires more than 20%. Our charter requires 3% to place an ordinance on the ballot and 10% to place a referendum on the ballot to repeal an enacted ordinance. Only 8% is required to place an initiative on the state ballot.

This is an issue of fairness for you, the voter. If you ever collected signatures for an initiative, you know that it takes a lot of time and effort to collect signatures. It would be extremely difficult to collect 13,811 (35%) without using paid signature gatherers.

This amendment makes it easier for citizens the exercise their right to put a proposal for repeal of the Charter on the ballot. Once on the ballot, voters can vote for or against it. The Charter Review Commission is prohibited from proposing the repeal of the Charter. Vote Yes on this amendment.

Written by

Tony Corrado, Sue Erzen and Candace Pratt,
members of the Charter Review Commission

Contact: tcorrado@co.clallam.wa.us

Argument Against

Vote "No":

Clallam County was the second, out of 7 counties in Washington State to successfully adopt Home Rule Charter as its form of governance, in 1977. Twelve other counties have tried to accomplish this, once or twice, without success.

Because of that choice, we have our own Charter, or Constitution, which gives more voice and self-determination to the people of our county. The Charter, itself, provides the means for periodic review and revision. There are many ways to amend it rather than the dramatic change of eliminating the Charter all together.

The title of this amendment is somewhat deceiving. This proposal is not about the number of signatures required for all petitions, it is specifically about the percentage of voters required to repeal our Charter.

During the time when COVID19 prevented meetings and meaningful public engagement, proponents of this amendment authored a survey, asking about making it easier to get rid of our County's Charter. Most wanted to keep it at what it currently is and the combined majority wanted it to be more than the proposed 20%. There's been no talk of undoing our Home Rule Charter, but apparently some think we should make it easier to do just that.

To make such a major proposal that could impact the governance of our County, without robust public discussion and debate, is irresponsible and not in the best interest of our residents nor our County. Vote "No" to this proposal, which is unneeded and unwanted.

Statement

I would appreciate your vote for CCPUD's Board of Directors. I have the experience, knowledge, and interest that will enable me to quickly become a contributing member, and thus able to actively, and effectively, represent the members-owners. I have over 30-years of electric-utility experience in the Pacific-Northwest. My experience ranges/ covers/includes power-supply operations and planning, utility management, federal regulation, forecasting, and successfully providing input and feedback in the Bonneville Power Administration's (BPA) Workshops, Forums, and Conferences. For twenty years, I provided technical expertise for public-power general managers. I know many of the regional-utility experts and leaders. I have a thorough understanding of the electric-utility industry and the BPA. (10-years as Vice Chair Western States Power Pool , 4-years as Steering Committee member Western Interconnection Compliance Forum , MS Economics, and BS Mathematics)

If elected my primary goals would be twofold: first, to ensure CCPUD has the lowest-electricity rates possible while continuing to maintain the current level of reliable power and, second, to actively represent the members of CCPUD. I would support the integration of cost-effective renewable resources into BPA's resource portfolio. I would be honored to represent you.

Proposition No. 1

Replacement Educational Programs and Operation Levy

The Board of Directors of Port Angeles School District No. 121 adopted Resolution No. 1920-15, concerning a proposition to finance educational programs and operation expenses. This proposition would authorize the District to levy the following excess taxes, in place of an expiring levy, upon all taxable property within the District, for support of the District's General Fund educational programs and operation expenses not funded by the State of Washington:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Levy Amount
2022	\$1.50	\$5,600,000
2023	\$1.50	\$5,600,000
2024	\$1.50	\$5,600,000
2025	\$1.50	\$5,600,000

all as provided in Resolution No. 1920-15.

Should this proposition be approved?

Explanatory Statement

Written by Jim McNeill, Foster Garvey PC, Attorney for Port Angeles School District 121

Passage of Proposition 1 would allow Port Angeles School District to replace an existing educational programs and operation levy that will expire at the end of calendar year 2021. The taxes collected by this replacement levy will be used to pay for expenses of educational programs and operation that are not funded by the State of Washington. These expenses include, but are not limited to: maintaining reasonably low class sizes; student transportation; athletics; music programs; extracurricular activities; special education; technology; and maintenance. Taxes collected by the proposed levy, together with State levy equalization money that is contingent upon passage of the levy, will provide approximately 10% of the District's General Fund budget.

Passage of this proposition would authorize the collection of taxes to provide up to \$5,600,000 each year from 2022 through 2025. The tax levy rate required to produce these levy amounts is estimated to be \$1.50 per \$1,000 of assessed value. The exact tax levy rates and amounts to be collected may be adjusted based upon the limitations imposed by State law at the time of levy. Exemptions from taxes may be available to certain homeowners, call the Clallam County Assessor at 360.417.2400.

Argument For

Now more than ever, schools must carry on.

The time is upon us for the regular 4-year renewal of our operational and programs levy which helps fund our schools. This levy is not a new tax. It is not an increase to the rate we already pay, and the rate is as low as it has been in our history. We have consistently supported it for over 50 years. The school district intentionally did not propose an increased rate, instead acknowledging recent support for rebuilding schools and the difficult current realities. This replacement levy renews every four years and pays for technology, vocational programs, music, transportation, special education, maintenance, and the list goes on. We will get back to normal, hopefully sooner rather than later, so we can't gut our school programs in the meantime.

As we fight round after round with the pandemic it is becoming crystal clear how pivotal public schools are to a functioning society, and our schools are facing unprecedented challenge and expense in adapting. Now more than ever it is critical to renew support for our schools, because regardless of where we are in life, strong schools benefit us all. This is one thing that won't divide us. Please, like we always have, let's stand together for our kids and our community.
