Message from the Auditor

Dear Clallam County Voters,

We are pleased to present the 2023 Clallam County Local Voters' Pamphlet for the November 7, 2023, General Election! This fall you are going to have an opportunity to shape the future of our community by participating in the election process. You will be voting on candidates that affect you, your family, and your neighborhood. When you vote, you have a direct say in our government at the local, state, and federal level.

This pamphlet is designed as a reference tool to help you make informed decisions. Inside you will find useful information about voter registration, deadlines for returning your ballot, and Official Ballot Drop Box locations. This pamphlet includes statements and photos from candidates that have submitted information about their candidacy.

A copy of this pamphlet will be mailed to each household countywide.

To be eligible to vote in the General Election, you must be a registered voter and live in one of the participating districts.

Your Signature Matters! Ballots returned without a signature or with a signature that does not match what we have on file are the two most common reasons preventing ballots from being processed. DON'T LET THAT BE YOU! Please follow the tips found on the following pages regarding signing your ballot before it is returned.

We want to help every eligible person register to vote and make sure that every registered voter receives their ballot. Contact the Elections Division early for options and assistance if you need a replacement ballot, want to register to vote and receive a ballot, or have other election related issues. You can call us at (360) 417-2221, send an email to elections@clallamcountywa.gov, visit our website at www.clallamcountywa.gov, or come in to our office at:

Elections and Voter Registration Office, 223 E 4th St, Basement Level, Room 042, Port Angeles WA.

Our office is open weekdays 8:00 a.m. – 4:30 p.m., and on Election Day 8:00 a.m. – 8:00 p.m.

The Clallam County Elections Division is dedicated to assisting all voters, candidates, and jurisdictions in the election process while ensuring elections are conducted securely, accurately, and transparently in compliance with the laws of the State of Washington. I hope you find this Voters' Pamphlet useful, and of course, do not hesitate to contact my staff or me with any questions.

Shoona Riggs
Clallam County Auditor

For more information see Senate Bill 6313 – Washington State Legislature.

Felony Conviction & Voting Rights

Washington State Legislation went into effect January 1, 2022 regarding convicted felons and their right to vote.

When is my right to vote restored?

- If you were convicted of a felony in a Washington State court, your right to vote is restored automatically once you are no longer serving a sentence of total confinement in prison.
- If you were convicted of a felony in another state or in federal court, your right to vote is restored automatically as long as you are no longer serving a sentence of total confinement in prison.
- You **do not** lose the right to vote for a misdemeanor conviction or a conviction in juvenile court.

Registering to vote

Once your right to vote is restored, you must register to vote even if you were previously registered. You do not need a certificate of discharge to register to vote.

You can register to vote at:

- Clallam County Elections and Voter Registration Office
- Department of Licensing
- Online at votewa.gov

FAQs: What Should I Do?

My spouse/roommate signed my return envelope.

If someone has mistakenly signed your return ballot envelope, **draw a line through the incorrect signature and sign your name** directly above the correction.

I forgot to put my ballot in the Secrecy Sleeve and sealed my Return Envelope.

The Secrecy Sleeve is optional and not required.

I received a Signature Update letter saying my signature on my return ballot envelope did not match the signature on my voter registration record.

Promptly return the completed, signed Signature Update letter to our office via mail, email, in person, or by Official Ballot Drop Box (boxes will close promptly at 8:00 p.m. on Election day). Signature Update letters can be returned until 4:30 p.m. the day before Certification, November 27, 2023.

I lost/misplaced/damaged my original ballot.

You have options to receive a replacement ballot:

- Call or email our office
- Visit us in person
- Print a replacement ballot online at www.votewa.gov

Track Your Ballot!

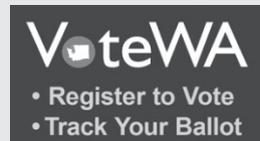

1. Scan the QR code, or
2. Visit Votewa.gov.
3. Enter your first name, last name, and date of birth.

4. On the left side of the screen you will see several options to click on.

5. Select Ballot Status.

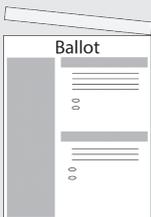

6. You will be directed to a page that will show your ballot status (Sent, Received, Accepted or Challenged).

Voting Your Ballot

1 The ballot packet for the November 7 General Election will be mailed to you on October 18. This packet will include your official ballot, secrecy sleeve, and a postage-paid return envelope.

2  Fill in the oval to mark your vote as shown. You do not have to vote for every race or contest.

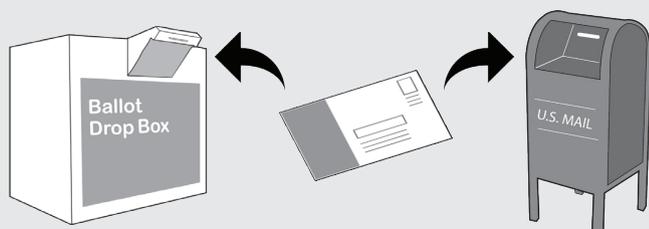

3  Remove and discard the top stub.

4  Place your voted ballot into the secrecy sleeve.

Place the secrecy sleeve into your return envelope. **(Secrecy sleeve is optional.)** 

5  **Sign, date and seal your return envelope.** Your signature is **required** for your ballot to be counted. We check every signature.

6 Return your ballot:
 • Official Ballot Drop Box – no later than 8:00 p.m. on Election Day.
 • Mail – postmarked on or before Election Day.

Returning Your Ballot

By Official Ballot Drop Box

Drop Boxes are open 20 days before Election Day, 24 hours a day until 8:00 p.m. on Election Night.

Returning your ballot to a drop box reduces the cost of postage for the election.

Education

BA in Politics and Government, University of Puget Sound

Community Service

Member of the Board of the Olympic View Community Foundation, the Sequim Food Bank, and the Olympic Peninsula Healthy Community Coalition

Statement

As your District 1 County Commissioner I am proud of the progress we've made toward building a more resilient and healthy community – but there is still much to be done and I will continue to work tirelessly for the needs of Clallam County. A top priority is ensuring that everyone in our community has access to safe, affordable housing. We have made significant investments in infrastructure and organizations to increase housing availability, but we must do more; I will work to improve access to quality affordable housing options, particularly for those who are most vulnerable.

A healthy community is a strong community. I will continue to focus on energy, disaster and climate resilience. I will continue to fund public health as well as supporting investment in the parks and recreational facilities we all enjoy. We must continue investing in entrepreneurship and supporting our vibrant local businesses for a strong economy.

I work collaboratively and believe that by doing so we will continue to build a community that is truly resilient and healthy for all. It is an honor to serve you and I respectfully request your vote.

Statement

Clallam County is a smooth running community in contrast to other counties that don't punish crime, and allow violent protesters who disrespect law and order. On the State level Governor Inslee just passed SB 5599 which allows our government to conduct genital surgery on children without parental consent, and our county has been silent. In neighboring Jefferson County a female impersonator was caught in the YMCA girl's locker room and Port Townsend celebrated. Uncle Sam is now in our children's bedrooms and this needs to stop. All of my friends who are parents agree from both sides of the isle that we need governance that appeases the moderate left and moderate right. We need to nudge the social pendulum back towards normalcy by adding a moderate to our County Commission. I am running to restore Parent's rights to have the final word in their children's education, and both their mental and physical healthcare. If my goals agree with yours, let's dig in and restore our moral society together- you and me.

Statement

Our community is filled with citizens who want to make a difference. I have been honored to learn from those citizens during the last 33 years I have lived on the Peninsula. I believe in our community. It has given me many years of happiness and I am privileged to be able to give something back. That's why I'm running for office. If elected, I will fight to further rejuvenate our Elwha Tyee King Salmon. If the salmon return to our shores, it will be a boon to business and biodiversity alike. I have worked with people in city, county, state, tribal and federal government, as a city council member and as a leader in UA Local 32, in parts of the Peninsula that range from Sequim to the West End. I believe in supporting business and industry, I proudly fought for our timber, aviation and maritime industries as a city council member and will keep up that fight if elected this year. I believe that if we work collaboratively and honestly, we can leave this community, which has given us all so much, a better place for our children. I look forward to connecting with you during this campaign.

Community Service

Commissioner of Public Lands' Solution Table, State Trustland Transfer Beneficiaries' Representative, Clallam County Planning Commission Chair, Crescent Community Advisory Council Chair, Clallam Economic Development Council Ag Representative, Coast Guard Auxiliary.

Statement

It has been my privilege and honor to serve as District 3 Port Commissioner. Some highlights: appointment by the State Lands Commissioner to the Solutions Table to find ways to make our forests resilient to climate change and explore innovative ways to make value-added products from this vital, renewable natural resource; cleanup of the K-Ply Mill Site, the fastest the Department of Ecology has seen to date; developing the future Marine Trades Center; adoption of Federal legislation recognizing emergency response to facilitate maintaining runway lengths; renovation of the Fairchild Airport terminal; stormwater infrastructure at the marine terminals and surrounding uplands; Clean Marina certifications for both marinas; spearheading legislation for ports to develop workforce training; and continuing the Port's commitment to transparent collaboration.

As we begin the next 100 years at the Port, I will work to further the Marine Trades Center and the Intermodal Handling & Transfer Facility, support workforce training and access to broadband, advance value-added wood products, and push forward green initiatives to make your Port more environmentally friendly and our harbor cleaner.

I ask for your vote again as I continue to work collaboratively for your Port to help lead economic improvements in our county.

Statement

The rural health care system of today is broken and in crisis. Critical access hospitals such as Forks Community Hospital face many challenges in a very complex health care industry. My 26 years of working as a pharmacist and business owner in a rural community would provide experience and new ideas for FCH.

Born and raised in Washington State I always wanted to live in a small town to raise our children. We could not have picked a greater community to live and work than the West End of Clallam County.

Community Service

Served on the Timber Museum Board for a number of years, membership and sponsorship of Forks Chamber of Commerce, member West End Business & Professional Association.

Statement

I am running for Forks Community Hospital (Clallam County Hospital District 1) Position 4 seat. I was recently appointed as the Board president. I believe I can continue to bring a sensible approach to maintain a productive board to help steer our hospital district in the needed direction; providing the services the district needs to maintain viable healthcare options for the citizens of the area. I have lived in this district for 42 years and as the owner of two businesses in the area, I know that the hospital and its services are the backbone in creating a healthy growing community as well as healthy residents. I will listen to you the voter and support decisions, even difficult ones, to keep healthcare options available. I believe in this community and the importance of retaining our critical access hospital. As a small business owner with experience in banking, bookkeeping and real estate, I understand the challenges we are all faced with. Serving on the board has been rewarding. I look forward to continuing this work; doing what is best and maintaining a board that can work together and do what is in the district's best interest, even in difficult times.

It has been a pleasure to serve you since my appointment in May of 2022. Efficient and effective healthcare delivery is my passion. I have spent my career planning healthcare facilities as an informed designer, building and maintaining medical campuses as a responsible steward and now helping to guide medical operations as a thoughtful Commissioner. I have always employed empathy for patients, providers, staff and leadership with a sense of responsibility to each role. I ask for your vote continuing this phase of my involvement in healthcare during this important time.

Like many of you I love this place, the people and the possibilities. We share abundant natural beauty. We find our community at an interlude during which it has been forced to alter its course while preserving everything that is positive about living here. Olympic Medical Center must play an important role not just maintaining the health of the community, but also in helping to set the tone for how we will succeed in our future. Accessible, affordable, quality healthcare will support our sustainable change.

Health is Important to each of us individually. Each other's health is important to all of us together. Please help me continue to help.

In 2021, he was appointed to serve on the Port Angeles Public Safety Advisory Board and is the current Chair.

Other Professional Experience

In 2010, Drew opened the downtown Port Angeles store Anime Kat which he still owns and operates.

Education

Drew went to Peninsula College earning several business degrees including a BAS in Applied Management in 2009.

Community Service

The last 13 years of public service was voluntary and uncompensated.

Statement

I'm Drew Schwab, and I moved to Port Angeles in 2003 after graduating from high school. While I initially moved here to attend Peninsula College when my father was stationed at the Coast Guard base, I chose Port Angeles as my permanent home because of the natural beauty, community strength, and expanded family roots I gained by marrying a Port Angeles native. I'm running for Council Position 2 for the City of Port Angeles. After advising the City Council for over 7 years by serving on different advisory boards and commissions, I want to take a direct role in improving Port Angeles. I'm experienced in small business ownership. I want to strengthen small businesses so they can provide living wages. Serving on the Planning Commission gives me a greater understanding of the difficulties of land use and development. My wife and I have experienced the difficulties of becoming homeowners. I want to increase the number of homes available for rent and purchase in town. Serving on the Public Safety Advisory Board gives me a greater understanding of the public safety issues our town faces. I want to reduce the homeless population through a combination of social services and law enforcement.

Statement

I'm proud to serve our community and bring real experience in solving challenging social problems. I have served on the Behavioral Health Advisory Board for Clallam County since my first year in town and was awarded Port Angeles Citizen of the Year by the Chamber of Commerce in 2018. I initiated the Shelter Challenge where several elected officials in Clallam County participated, bringing hard conversations to the public about solving homelessness and demonstrating my commitment to advocating for the changes our community is asking for.

Throughout my career, I've led teams that achieve compassionate, desirable, and effective results. I engage with our community to build support for real solutions. I'm grateful for the incredible support and encouragement from the Port Angeles community, and fully intend to be the voice of those citizens that continue to prove that the majority is not silent, but often soft-spoken.

We can move forward together!

My work in Port Angeles City Council is my first experience in politics, but not in leadership. With a fresh vision and energy, I will continue to represent our community's desire to solve tough problems collaboratively and with integrity.

Elected Experience

This is my first time seeking elected public office. I am ready to serve and offer my extensive knowledge and experience to the Council.

Other Professional Experience

Business ownership; executive and consulting leadership in regional economic development; public, private and non-profit sectors; residential and commercial housing ownership and development; Jamestown S'Klallam Tribal Board; Real Estate broker.

Education

Community Service

40+ years of community service and volunteer projects; President of the Port Angeles Chamber of Commerce, Association of Realtors and Downtown Association. Additional service; ElevatePA, Big Spring Spruce Up, Winter Ice Village, and volunteer youth coach.

Statement

As a lifelong resident, business owner, volunteer, enthusiast of, and advocate for Port Angeles, I am ready to contribute more. With 40+ years of experience supporting local and national economic development initiatives, I am ready to be an active partner in the future of our community.

My focus will be on the fundamentals of good City government supporting: police, fire, utilities, parks, facilities, and empowering citizens to affect change. Our government should be effective, efficient, listen, and be a genuine partner with nonprofits, Tribes, the business community, and other agencies that support our area.

It is time to direct our efforts with vision and accountability. Our City government authority and resources should not over regulate or mandate, but rather enable all citizens, businesses, and organizations to feel safe, achieve their goals, and make Port Angeles thrive.

The evolution of my experience working in various communities using my analytical skills, strategic and creative thinking, and proven ability to align differing views for a common goal, makes now the right time for me to serve our community.

I have deep pride in our community, optimism for our future and together, with your vote, we will enact positive change together.

Port Angeles City Council, elected 2019 (Deputy Mayor, 2 years)

Other Professional Experience

Rule 9 Law Clerk, Clallam Public Defender; Law Clerk, Attorney General of Washington; Drop-In Center Coordinator, First Step Family Support Center; Office Manager, North Olympic Land Trust; Office Manager, AmeriCorps VISTA, Arcata House Partnership.

Education

Seattle University Law School, JD candidate 2024;
Sacramento State University, BA 2014.

Community Service

I support the residents of Port Angeles through volunteering with North Olympic Development Council (Secretary); Port Angeles Fine Arts Center (Treasurer); Port Angeles Lodging Tax Advisory Committee (Chair); Clallam County Board of Health (Chair and Vice Chair); and Clallam County Homelessness Task Force.

Statement

I've been honored to serve the people of Port Angeles on City Council for the past four years and I'm running for reelection to keep building a Port Angeles where everyone can thrive - not just survive. As both the youngest member of City Council and the only renter, I have served as a voice for people otherwise not represented in our local government and I know firsthand how hard it can be to get by.

During my time on City Council, we have accomplished a lot including restarting the code enforcement program; removing barriers to housing; and expanding upstream and cost saving approaches to public safety through the Rediscovery, Community Paramedic, and Downtown Resource Officer programs. We have also increased accessibility for meetings and provided over \$800,000 in rental, mortgage, and utility support during the pandemic.

I love Port Angeles and work to make it better. Our community can be a place where everyone is treated with dignity and respect, where everyone has a safe and affordable place to live, and where everyone can enjoy the unparalleled natural beauty of our home.

I'd be honored to receive your vote and continue serving our community on City Council. Thank you.

Education

I graduated from Oak Harbor High School and attended the IFSAC firefighter I academy with Oak Harbor Fire as well as my EMT from South Whidbey Fire in 1998. I attended Central Washington University for my Paramedic certificate and finished my Fire Science degree from Columbia Southern University.

Community Service

I was awarded the Outstanding Public Service award from the City of Port Angeles. I have worked with several groups including COTN, AGCI and IJM with a focus on preventing and combating human and sex trafficked individuals

Statement

This is my first venture into politics, and thank you for considering me to serve. I have lived in, and worked for, the City of Port Angeles for nearly 20 years. The two decades that I have publicly served within the City as a Firemen and Paramedic has granted me intimate access into the lives of the citizens of this beautiful and unique City. Within these interactions I have gleaned a unique perspective on what the city's citizens want and need from a servant leader. Although this is a nonpartisan race, I will unashamedly declare myself as both fiscally and socially conservative. I believe there is more than enough room in the conversation for multiple ways to attack a problem. I am willing and able to work with and for others that may have a different political view in order to solve problems that plague our city. I have seen the serious decline in the health, safety and security for our citizens and businesses within our city due to well-intended, but mistaken policies. With the right leadership, I foresee Port Angeles having the possibility for massive growth potential, and a return to the safe and thriving home it was.

Elected Experience

I have no prior elected experience.

Other Professional Experience

I am a board-certified pediatric nurse practitioner with eight years of practice in primary care.

Education

I graduated from PAHS in 2003. I earned a Bachelor of Science in biology, *summa cum laude*, from Saint Martin's University in Lacey, WA (2007) and then a Master of Science in nursing from Vanderbilt University School of Nursing in Nashville, TN (2009).

Community Service

I have an extensive history of community service through Dry Creek Grange, volunteer at my church and my children's school, and the Junior American Citizens with service to veterans living and deceased in our area.

Statement

Port Angeles is proudly my hometown and my family has deep roots in our community. I am a regular mom running for Council to speak for families; our children's safety *and* their environment is paramount. My husband and I chose to return to Port Angeles to raise our five children alongside their cousins, but the town is not how I remember it. I hesitate to take my young children to parks because they are contaminated from drug use, grocery stores don't feel safe, sidewalks are littered with garbage, and our trails have been overrun. While local groups have done great work, the heart of the issues are not resolving; as a city we can do better! I am resolute in my constitution and am eager to represent other parents who feel the same way that I do; we want our city to be welcoming, yet conscientious by equipping individuals to succeed rather than incentivize them to remain disadvantaged. Ultimately, we want to eliminate programs that breed crime *and* regulations that stifle growth, so our children can thrive and be happy and our city can be wholesome and beautiful once again. Help me do this – vote for Kalli!

Statement

Thank you for trusting me to represent Port Angeles on the City Council these past four years. Throughout my tenure, I've striven for steadfast leadership, prioritizing your needs even amidst the challenging Covid-19 pandemic. I have consistently prioritized thoughtful debate and innovative solutions over simply conforming to consensus or special interests. My 6-1 votes testify to my commitment to vote my conscience, undeterred by the pressure of dissent.

My focus for another term is the future of our city, requiring us to work together today. I promise not only to listen to active community members but also to seek out those often unheard. I will fight for our first responders and city workers, ensuring they have the necessary support and resources. Addressing rising property taxes, revitalizing downtown, and promoting careful spending are key issues I plan to tackle.

I will also advocate for smarter investments, including mentorship programs that encourage economic growth and practical solutions to homelessness. As your councilor, I will continue upholding the Constitution and its guaranteed rights, speaking up for our community, and moving Port Angeles forward. Community Service

Red Cross CPR and First Aid instructor, Disaster Shelter nurse, Sunday school teacher and other church volunteer work. Sports scorekeeper for many sports. Host parent to eight foreign exchange students. Wrote and implemented grant for child development program.

Statement

In 2019 my husband and I chose to move from Ohio to Sequim for our retirement. Sequim is a beautiful town with parks, beaches and mountain views. We were immediately welcomed by our new church family and fellow volunteers. Soon we realized that Sequim was suffering from two pandemics- Covid-19, and misinformation about our impending Medically Assisted Treatment clinic. Now, four years have passed, and Covid-19 numbers have declined. Our MAT clinic is giving Opioid addicts hope that they can return to a normal family life. Soon, we will have a much-needed mental health clinic, compliments of our local Jamestown S'Kallam Tribe and our state elected officials. As a council member, I hold stewardship of Sequim's money and existing infrastructure, so the decisions I make on council must be evidence based. I feel we need more broadband and should start considering it a public utility. I remain committed to bringing workforce housing to Sequim. We want the people who work here to be able to live here. Homelessness is prevalent nationwide, including our small town. Many people are one paycheck away from being homeless and may need temporary housing and services. Vote for kathy Downer 11/7/23

Statement

I'm a Father and Grandfather, devoted to maintaining Sequim as the great place to raise a family, start a small business or enjoy a satisfying retirement. An independent business owner,I have experienced firsthand how City Government can help or impede small businesses. When Mayor, I navigated Sequim through the Covid-19 pandemic. We created the Rapid Relief Small Business Grant program that provided over half a million dollars which kept our business afloat. We froze utility rates and removed restrictions for Senior low-income utility discounts. We supported Jamestown S'Klallam , negotiating sewer services for their new hotel. After the past four years our city is in a better place than ever. Our hiring of City Manager Huish has been a game changer. He applied his business background to update our systems, providing tools for staff to perform at a higher level of efficiency while maintaining total transparency. Through his citizen fact sheets he improved citizen communication, an important goal of mine in office. I'm passionate about giving back to the community by continuing to serve on the City Council. My extensive business experience, common sense strategic skills and commitment to collaborative solutions will continue to make our community thrive .

Statement

Sequim is a wonderful town! I prize our wonderful people, excellent local businesses, and our area’s natural beauty. With a growing population, it is critical that we have a pragmatic, solution-oriented city council. I have the desire to serve and the experience to contribute to this team.

We’re seeing concerning signs of change for the worse including tent encampments, locked up merchandise at local stores, and people living on the streets. After working 25 years in Seattle I know where this leads: downtown homeless showers, home share programs, and lime-colored scooters for the elderly. These are dangerous “solutions”.

With high inflation and taxes, we need affordable and creative real lasting solutions to address local drug abuse and mental health issues, and affordable housing for our workforce and people on fixed incomes.

With 36 years experience as a software engineer, project leader, and IT manager my approach is methodical: research, design, and implement comprehensive well-tested solutions. My experience expediting complex IT solutions through team building have equipped me well for listening to citizens, collaborating with Sequim City Counselors and city employees which is all needed to guide Sequim into the future.

Community Service

City of Sequim Planning Commission. Coordinator weekly “Soup’s On!” at St. Luke’s Sequim; Vice President, Mariners Outlook Homeowners Association

Statement

My wife and I decided to settle in Sequim, the place we plan live out the rest of our lives following a career spent working overseas. We were both born and raised in the Pacific Northwest. We have two remarkable adult children and three beautiful grandchildren.

I am running for Sequim City Council because I am committed to being of service. Through my work on the Sequim Planning Commission, I have become familiar with the challenges and opportunities we have as a city. It has been my pleasure to to get to know and work with the dedicated professional city staff who keep our city services running day to day.

While it would be easier to sit back and relax as we move into retirement, I am wired to look for ways to be of service.

Sequim’s people depend on council members who are committed to ethical conduct, integrity, and transparency. We need council members who value diverse perspectives, consider them, and seek consensus. We want to thrive and grow responsibly while considering those among us who have the least.

These are the values I will bring to City Council Position 2 and I ask for your vote.

I grew up in Kitsap County and love my Sequim home. I have been involved in non-profit, education, and private sector projects. My partner Dan and I have two school-aged children.

Statement

I consider serving on the Sequim City Council as the highest form of community service. Several of my friends and community members have encouraged me to run for Sequim City Council this season. I am honored by their requests and look forward to serving my city. Counselors must be good stewards of tax-payer funds and I will bring my experience with WSU Cooperative County Extension and small business entrepreneurship when proposing or reviewing city expenditures. My approach is one of equity and I will work to include and engage all citizens and stakeholders in council decisions.

As a mom of two young kids, I care deeply about the future of our planet and community. In Sequim this means I will help ensure that we prioritize innovative development and housing solutions that safeguard our natural resources, farmland, and open spaces for those to come. We need access to quality housing for all members of our community. I will build partnerships with local organizations and businesses to meet the needs of our city. I want to promote civil discourse and civic engagement. I would be honored to have your support and look forward to serving you.

Education

I hold masters' degrees in Education and Counseling and a Ph. D. in Psychology.

Community Service

My community service includes terms on the Boards of Directors of the United Way and Peninsula Behavioral Health. I currently serve on the Vestry of St. Andrew's Episcopal Church.

Statement

Working as an advocate for the students, families and staff of the PASD has been an important part of my life for the past eight years. School board members are non-partisan volunteers who are responsible for a variety of specific tasks dictated by the state. Those include hiring and evaluating a superintendent, developing policies that guide the district, approving curriculum, and overseeing the district's budget. During my tenure on the board we were successful in passing a capital levy that will provide funds to build a new middle school, safety vestibules in the elementary schools, and a new sports field. We hired an outstanding superintendent whose leadership has taken the district to new heights. A new strategic plan will guide us through the next 3 to 5 years. The Port Angeles community has a long history of providing funding for our children's growth and development. I look forward to working with those citizens to enhance the educational experiences for each student in the Port Angeles school district.

Statement

The past several years was an unprecedented and tumultuous period in public education. As we return to a sense of normalcy, I look forward to supporting students, educators, staff, families, and the greater community through well-researched and effective decision-making.

In addition to the standard school director responsibilities, I am particularly interested in legislative advocacy to appropriately and equitably fund schools. I was a school director for a small, rural district 20 years ago, and this is *still* a fundamental challenge. Because of my background in the software industry, I am passionate about using technology to enhance student achievement and streamline processes-while at the same time, mitigating the ramifications of new technologies on teaching and learning.

Excellent education for all students is essential for our American democracy. I believe that all students are capable of successfully achieving high academic and learning excellence. No exceptions! My promise is to continually promote improved educational outcomes and success for our students. I believe teachers and staff are capable of helping all students reach high levels of student academic and learning success. I believe our parents and community expect the Sequim Schools to achieve high standards and become schools of distinction. To do that we need an effective school board/superintendent/community/educational staff team to set a vision and implement strategies for improved learning experiences for all our students. That excellence not only influences our students' lives, the Sequim community deserves outstanding schools. Over the past 4 years I have been part of several changes that have moved the school district towards more positive outcomes. Are there areas still in need of improvement? Yes! If elected, I will continue to support strong and innovative initiatives that demonstrate improved student learning and to become a more effective board member. There is still much to be done. Statement

I've sat by long enough. I can no longer tolerate the failure to educate our children in core subjects like math & reading. I can't watch our children being indoctrinated by taxpayer funded schools that America and its core constitutional values are 'bad'. Our children are suffering the consequences of poor decisions in their public education – they deserve to be fully equipped to succeed in life.

Common sense and science get shelved, replaced by CRT and 'woke' policies. Why are we teaching our children to discriminate on the basis of skin color? Hard work matched by opportunity is how any kid gets ahead. I know the school board's authority is limited and Olympia dictates state curriculum. I, however, live in Sequim, not Olympia, so running for this school board position is what I can do to support solid education in the classroom. Reading, writing, math and history are what we need to teach – not sex-ed to children and who can use what bathroom. Parents have the right to be involved. Sadly, I have been the only parent at a school board meeting. I would like all Sequim school district parents emailed invites to each meeting, to increase participation.

Statement

As a current elementary teacher, U.S. Coast Guard veteran, and a parent of children who attended or are attending public school in Sequim, I am passionate about public education and service. The most rewarding aspect of being a teacher is seeing students realize their fullest academic potential.

As a school board member, I will continue to fight to ensure that every student is equipped with the tools, resources, and opportunities to ensure their academic success. Sequim School District must provide the best for our children, support our dedicated teachers and staff, and effectively prepare graduates to be ready for college or careers. Despite budget constraints, we must push our schools even more to provide better choices for families, strive for higher standards, and improve our facilities.

I am proud to be a pro-labor, pro-public education candidate endorsed by the Washington Educations Association and the Sequim Education Association. I will continually strive for excellence, ask difficult questions, and demand thorough and transparent answers. Furthermore, I believe that being raised here on the Olympic Peninsula gives me additional perspectives on the specific needs and priorities important to our community.

Statement

I believe in public schools. My father was president of our small town's school board, and my mother was a school nurse. All the kids in our family went to public K12 and state universities. I am convinced that public schools can help heal the polarization that is devastating our public discourse. Education is the key to our future on this planet.

We need to make sure that we equip our students for the challenges they will face. We must hold ourselves accountable for achievement: are our students finishing high school with a solid set of core skills, and a flexible mindset to navigate the challenges ahead? Are our teachers provided with support and resources to teach effectively? Are our schools connected to our community, with a recognition that we should invest the time and money it takes to have good schools? Let's build on our successes and work together for our students' futures.

As a Board member, I will continue to see to the best interests of our students. From the moment they arrive at our doors as kindergartners to that final walk across the stage as senior graduates, they are our responsibility first and foremost.

Elected Experience

I ran for the Sequim school board in 2022.

Other Professional Experience

No information submitted

Education

I graduated from Sequim High school in 2004.

Community Service

Attended all eight of the strategic planning committee meetings for the school. I also help with my daughter's 4-H. Her auction and at the fair.

Statement

As a candidate for the Sequim school board, I understand that recent decisions made by the board have not been well received by the community. It's important to have a board that is responsive to the needs of students, parents, and community members. If elected, I will work collaboratively with my fellow board members to ensure that all voices are heard and that decisions are made with the best interests of our students in mind. I am committed to transparency, accountability, and open communication. I am also committed to ensuring the success and thriving of every student in our community. Especially with the changes that are starting this fall. I believe that the foundation of a strong and successful school district is a supportive and engaged community that values education and invests in our children's future. As a board member, I will work to foster a culture of academic excellence, provide resources and support for our teachers and staff, and collaborate with families, community organizations, and local businesses to ensure that our students have the skills, knowledge, and opportunities to succeed in college, career, and life. Together, we can build a brighter future for all students in Sequim. Thank you.

Community Service

Vice President of Sequim Graduation Party 2021; Sequim Junior Soccer coach; Sequim Youth Basketball coach

Statement

As an incumbent candidate for the Sequim School Board, I am deeply committed to our district’s success. With gratitude, I’ve had the privilege of serving on the board, witnessing the progress we’ve made. As a local business owner, veteran, and parent with children currently in elementary, middle, and high school within the district, I bring a unique and comprehensive perspective to the table.

Understanding the diverse needs of our students at different stages of education is key. I have firsthand experience as a parent, navigating the elementary, middle, and high school years. This perspective allows me to advocate for the resources and programs that will foster their growth, ensuring each student receives the support they deserve.

One area of particular importance to me is easing the burden on families. That is why I am motivated to reintroduce drivers education within our high school curriculum. By offering this course on-site, we can alleviate the logistical and financial challenges families face when seeking external options. Ensuring accessibility and convenience will benefit our students and their families.

Transparency and accountability are paramount to me. As a board member, I believe in open communication, fostering trust between parents and the district.

Statement

As a community, we have navigated many changes both during and post-pandemic. As a healthcare provider, military member, and mother, these challenges were daunting. I learned a lot about what it meant to be operating at maximum capacity. I also watched a community come together over shared experiences and hardships.

Another shared experience recently impacted our community in the form of the school realignment. I did my due diligence to keep up with the fast-moving proposal, despite the lack of transparency in the public discussions. I found it increasingly difficult to get simple answers to the reasoning/solutions behind this proposal. The most dubious of all was how this realignment was used as a solution to a budget shortfall which was then abandoned.

As a parent and community member, I understand the importance of trust in our schools. I have seen the impact that it can have on student achievement and overall school culture. When students, parents, and teachers trust each other, they are more likely to work together to create a supportive and inclusive learning environment.

We deserve to *trust* our elected leaders.

Statement

If there is ever a time to pay attention, the time is now. What families once trusted to be a safe haven for children is no more. You can see the results across this great nation regarding radical education changes implemented in our communities. You *must* understand the direction the school board is taking your district and vote wisely at the polls. What is happening is changing this country. All children have the right to grow without suggestive rhetoric, learning how to think critically and independently. I strongly advocate for parental involvement in education, bringing back common sense and educational core values because our children *must* come first. Education must be free from an agenda that breaks down pride in our country, the normal development of childhood innocence, and parental rights. I bring common sense measures and strong abilities to simplify problems with solutions. I am passionate about education and want to make a difference in all our students' lives. I am committed to providing all students with a quality education, regardless of their background or zip code. Every child deserves the opportunity to succeed and be on the right path to graduation.

Elected Experience

I have been serving on the Quillayute Valley School Board since November 2021 as an appointed member.

Other Professional Experience

I have been employed at Department of Social and Health Services for almost 30 years. For the last 22 years I have been working as a Public Benefit Specialist.

Education

Lake Washington Technical College and Peninsula College.

Community Service

I served on the West End Youth League board from 2006-2019. Currently I am serving on two high school booster clubs. I have volunteered at all of the Forks schools when needed.

Statement

I have lived in Forks since 1977 and am a proud 1991 graduate of Forks High School. My husband and I have raised 3 boys here with our youngest graduating next year. I have consistently volunteered in the district throughout the time my children attended school as a classroom helper, PTA, fundraisers , school events and now school board member.

During my time serving on the board we have seen many positive changes in our district. One of those changes was the completion of the new Spartan Stadium which has created excitement in our community and students. Another positive change was the approval of a school resource officer to help with behavioral issues and insure safety for the students and staff. We have been working hard to insure that students have what they need for their social and emotional needs after the pandemic.

I believe in preparing our students for the future and will continue to strive for new curriculum that will help our children meet those goals.

With your vote I can continue to be a constructive voice for parents, students and our community.

Thank you for your consideration of District 1 School Board Director.

Education

I possess a Bachelor Degree in Public Administration and a Masters Certificate in Labor / Management Relations.

Community Service

For the past 5 years I have served as a Volunteer Fire Lieutenant for Clallam County Fire District 3 at Diamond Point. I also volunteer for the ONP as a National Ski Patroller at Hurricane Ridge.

Statement

I am Michael (Mike) Mingee and I am honored to be running for the office of Fire Commissioner in Clallam County Fire District 3. I hope you agree that I possess both the experience and knowledge to lead our Fire District through its current and future challenges. During my time as a Fire District 3 resident and volunteer, I have gained great respect for the members who work selflessly every day to serve us all. Their skills and abilities are second to none compared to all the Fire Departments I have had the good fortune to serve.

While our Fire District provides exceptional service, it is challenged by the district's growth, calls for service and customer demographics. Currently our District responds to nearly 9000 calls for service annually, and that number stands to rise. I believe my experience of leadership makes me the most capable candidate to lead our Fire District through their current and future challenges. I humbly ask for your vote to elect me, Mike Mingee, as your next Fire District Commissioner.

Fire Commissioner seminars and classes primarily through
the Washington Fire Commissioners Association.

Community Service

Various projects through Joyce Fire Department and
Community Emergency Response Team (CERT) training.

Statement

Marcus (Ben) Pacheco has been a Clallam County Fire
Protection District No. 4 Fire Commissioner for 17 years and
for the last several years has been Chairman of the Board.

Ben ran a successful construction company for 13 years and
is now semi-retired so he can focus primarily on his farm and
Joyce Fire. In 2002, Ben and his wife came to the area with
the desire to be a part of the community. Both enjoy helping
their community and try to give as much as they can.

Ben's Wildlife Biology degree from Colorado State University
helps immensely in understanding several aspects of his role
as Commissioner, especially when it comes to forestry and
the importance of logging to bring timber taxes to our district
and the community.

Ben looks forward to continuing his service in this role and is

Community Service

I once served as a trustee for the Crescent Water Association. I'm a long-standing member of the Joyce Emergency Planning and Preparation board and captain of the Joyce Emergency Response Team (CERT).

Statement

I would like to continue serving as a member of the CCFPD4 Board of Commissioners. Since filling a vacancy in March 2022, I have served as chair of the board's Building Finance Advisory Committee, seeking funding options for a new apparatus bay. I've also attended conferences and workshops and have devoted many hours to developing a deeper understanding of the district's goals and aspirations. I've been impressed by the professionalism exhibited by CCFPD4 and by its general effectiveness, efficiency, and commitment to the community. I am confident my background and knowledge will continue to add value to the CCFPD4 board and help advance its mission. I welcome the opportunity to further serve through applying my organizational and leadership skills, including my earlier work with conflict resolution and with an approach known as the "seven norms of collaboration." When not volunteering, I enjoy grand-parenting, landscaping, gardening, outdoor activities, travel, reading, writing, volunteer service work, and other pursuits here in the beautiful Northwest.
