

# Beaver Coexistence Workshop

*Presented by Clallam County and Beavers Northwest with support from  
Department of Ecology*

Practitioners in the natural resources field with an interest in beaver ecology and coexistence strategies will engage in a hands-on workshop. Attendees will learn about tools and resources for addressing beaver conflicts, how to assess beaver conflict sites for coexistence opportunities, and installation techniques for a pond leveling device. Workshop will include morning presentations by Beavers Northwest and Clallam County staff and an afternoon field installation.
