Subrecipient will continue to be responsible for the accuracy of work even after the work is accepted by the District.

25. **Termination:** This Agreement may be terminated by either party upon giving at least 30 days advance written notice to the other party. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

Those provisions include, but are not necessarily limited to, the following: Indemnification, Termination, Disputes, Confidentiality, Choice of Law, Waiver, Records Inspection and Retention, and Severability.
32. **Subcontracting:** Subrecipient shall not enter into subcontracts for any of the work contemplated under this Agreement without prior written approval of the District. This clause does not include contracts of employment between Subrecipient and personnel assigned to work under this Agreement.

Subrecipient is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this Agreement are carried forward to any subcontracts. Subrecipient agrees not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the District or as provided by law.

If at any time during the progress of the work, the District determines in its sole judgment that any contractor is incompetent, the District shall notify Subrecipient, and Subrecipient shall take immediate steps to terminate its Subrecipient's involvement in the work. The rejection or approval by the District of any Subrecipient or the termination of a Subrecipient shall not relieve Subrecipient of any of its responsibilities under the Agreement, nor be the basis for additional charges to the District.

33. **Entire Agreement:** This Agreement constitutes the entire agreement between the parties regarding its subject matter. Any oral or written representations not expressly incorporated in this Agreement are specifically excluded.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date set forth below.

Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (nonappropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the contracting organization) certifies, to the best of his or her knowledge and belief, that:

- A. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. The undersigned (authorized official signing for the contracting organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the contracting organization will comply with the Public Health Service terms and conditions of award if a contract is awarded.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the contracting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The contracting organization agrees that it will require that the language of this certification be included in any subcontracts which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

However, failure of the prospective contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- B. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.
