

‘MYN’ - Map Your Neighborhood

Take the Course

What is a disaster?

Disasters, by definition, are events that overwhelm police, fire, and medical 911 emergency responders.

Why MYN?

MYN helps you organize a timely response to disaster when 911 is unavailable. All of us, working together, can reduce the serious consequences of disaster in our neighborhood.

What will we do?

- You will learn a 9-step Neighborhood Response Plan that immediately helps you know what to do – both at home and in the neighborhood – to respond to injuries, property damage, and assisting people who may be alone and frightened. The process is proven, fun, and easy.
- You will identify the skills and equipment each neighbor has that are useful and effective for a timely disaster response.
- Completing this course will enable you to be a trainer for other groups.

BONUS:

- You will go home with the materials to organize and train other neighborhood groups, a task list, and a skills and equipment inventory.
