KEY HIGHLIGHTS OF THE GUIDANCE

1. **Final Rule is effective April 1, 2022**, but counties can take advantage of new provisions prior to the effective date
2. **Allows counties to use up to \$10 million of ARPA Recovery Funds as “lost revenue” for the provision of general government services** without needing to use the Treasury revenue loss formula
3. Improves revenue loss calculation formula **to include utility revenue and liquor store sales, at option of counties**
4. **Clarifies eligible use of funds for capital expenditures** and written justification for certain projects
5. **Presumes certain populations were “impacted” and “disproportionately impacted” by the pandemic** and therefore are eligible to receive a broad range of services and support – designed to minimize administrative burden
6. **Streamlines options for premium pay**, by broadening the share of eligible workers who can receive premium pay
7. **Authorizes re-hiring of local government staff**, either at or above pre-pandemic levels
8. Allows Recovery Funds to be used for **modernization of cybersecurity**, including hardware and software
9. Broadens eligible use of funds for **water and sewer projects** to include culvert repair, dam and reservoir rehabilitation
10. Broadens eligible **broadband infrastructure investments** to ensure better connectivity to broader populations

REPLACING LOST REVENUE

Counties can use Recovery Funds to provide government services, up to the amount of revenue loss experienced using one of two Treasury approaches. Under the Final Rule, **counties now have two options:**

KEY NEW FEATURES IN FINAL RULE

1. NEW \$10 MILLION REVENUE LOSS ALLOWANCE

- Counties may allocate up to \$10 million of their total Recovery Fund allocation to spend on government services
- Counties may still calculate actual revenue loss through Treasury formula – both must pick 1 of the 2 approaches
- Simplifies reporting requirements for counties using the standard \$10M standard allowance
- 2,137 counties (70%) now eligible to invest entirety of allocated Recovery Funds in general government services

2. IMPROVEMENTS TO THE REVENUE LOSS FORMULA

- Revenue loss **growth rate changed from 4.1% to 5.2%** as the new standard default allowance for the formula
- General revenue now includes **utility revenue and liquor store revenue**, *at the discretion of the county*
- Counties may choose to calculate revenue loss on a **fiscal year or calendar year** basis – *must pick & stay with 1 option*
- Counties must adjust actual revenue totals for the effect of **tax cuts/increases adopted after January 6, 2022**

REPLACING LOST REVENUE

Counties may use “lost revenue” for **general government services up to the *revenue loss* amount**, whether that be the standard allowance amount (\$10 million) or the amount calculated using Treasury’s formula:

- **Government services generally include any service traditionally provided by a government**, unless Treasury has stated otherwise
- **Common examples** include, but are not limited to:
 - Construction of schools and hospital
 - Road building and maintenance, and other infrastructure
 - Health services
 - General government administration, staff and administrative facilities
 - Environmental remediation
 - Police, first responders and other public safety services (including purchase of fire trucks and police vehicles)

RECOVERY FUNDS USED TO REPLACE “REVENUE LOSS” ARE MORE FLEXIBLE AND MAY BE USED FOR A BROAD RANGE OF GOVERNMENT SERVICES, PROGRAMS AND PROJECTS OUTSIDE OF TYPICAL ELIGIBLE USES OF RECOVERY FUNDS UNDER THE FINAL RULE. **HOWEVER, REVENUE RECOUPMENT CANNOT BE USED FOR RAINY DAY FUNDS, DEBT SERVICES, AND EXTRAORDINARY PENSION CONTRIBUTIONS**

REPLACING LOST REVENUE

KEY TAKEAWAYS

- **Counties have two options to calculate revenue loss:**
 1. **Up to \$10 million** of ARPA allocation standard allowance, **OR**
 2. Calculate revenue loss with Treasury formula, with a **new 5.2% default growth rate**
- **If your county previously declared “\$0” for revenue loss in the Interim Report**, the county may change and update this number in the first Project and Expenditure Report
- **If your county is declaring revenue loss**, you must still abide by the reporting requirements within the Project and Expenditure Report’s “revenue loss” category

REPLACING LOST REVENUE

Counties may use “lost revenue” for **general government services up to the revenue loss amount**, whether that be the standard allowance amount (\$10 million), or the amount calculated using Treasury’s formula:

HOWEVER, the following activities are NOT an eligible use of a county’s “revenue loss” allowance:
